

2024 ASCRS ASOA

MEETING GUIDE

ASCRS Subspecialty Day • ASCRS Program • ASOA Program
Technicians & Nurses Program • ASCRS Exhibit Hall

IN THIS PROGRAM

- 7 Education Credits
- 12 ASCRS Subspecialty Day
- 24 ASCRS Program
- 56 ASOA Program
- 82 Technicians & Nurses Program
- 90 ASCRS Exhibit Hall

PARTY LIKE IT'S 1974

ASCRS ASOA

PARTY

FOR A
Purpose

FRIDAY, APRIL 5

8:00 P.M. - 12:00 A.M.

OMNI Boston Hotel at Seaport
Boston, Massachusetts

Kick off the 2024 Annual Meeting and the 50th anniversary of ASCRS. Party like it's the year of the Society's founding—1974!

- ◆ Enjoy **70s music**
- ◆ Cheer on a **1970s fashion show**
- ◆ Partake in **games** of the era
- ◆ Raise money to **cure preventable blindness**
- ◆ Decade-inspired **costume attire** encouraged

DONATE NOW
to support the
ASCRS Foundation

Help us meet the generous \$35,000 challenge match from Alcon.
Every donation up to \$35,000 will be doubled!

Open to all ASCRS, ASOA, industry/exhibitor attendees and their guests. Admission is free. Bring your badge.

GENERAL INFORMATION

Film Festival will be held during the 2024 ASCRS Annual Meeting. Winning films are showcased at the ASCRS Annual Meeting during the Film Festival Ceremony. Submitted films are judged, and awards are given to the top films in each category with an overall grand prize winner. Award-winning films are also celebrated for their innovation and educational value throughout the year in ASCRS publications, on ASCRS CME 24/7, and at other ophthalmology meetings.

Roundtable Discussions

The ASCRS Roundtable Discussions are back by popular demand! They will be held from 1:00–2:00 p.m. on Saturday and Sunday. Attendees can engage with a faculty member and other attendees in a small group setting to discuss various anterior segment surgery topics.

Electronic Posters

ASCRS Electronic Posters will be available for viewing in the Education Hub during the ASCRS Annual Meeting and on the ASCRS website year-round. The authors of Electronic Posters selected for an award will be given the opportunity to present their poster live at the meeting in a session moderated by the poster judges. Meeting registration is required for all lead/presenting poster authors.

Ophthalmic Photographers' Society (OPS)

ASCRS and the Ophthalmic Photographers' Society (OPS) will co-sponsor an exhibit of high-quality ophthalmic images demonstrating superior imaging techniques at the 2024 ASCRS Annual Meeting. OPS represents members who perform imaging of all structures of the eye using highly specialized equipment in order to increase the level of patient care and help to advance the science and practice of ophthalmology. The photo selection process is judged by ophthalmologists and OPS member photographers. Registration is required to attend the 2024 ASCRS Annual Meeting if you've submitted a photograph to the OPS call for submissions.

Instructional Courses

ASCRS will offer Instructional Courses Friday evening through Monday. Courses are 90-minute instructional sessions that include time for interactive discussion among the instructors and audience. Each of the planned 90 courses is based on one of more than 35 clinical categories/topics. Registration for the 2024 ASCRS Annual Meeting is required to attend Instructional Courses.

Scientific Paper Sessions

ASCRS Scientific Paper Sessions will be held Saturday through Monday. Each session is based on one of more than 35 clinical categories/topics and will include up to 15 paper presentations based on accepted abstracts submitted by attendees for the 2024 ASCRS Annual Meeting. Each session is 90 minutes in length. At the end of each session, the moderator and panelists will confer to select the Best Paper of Session winner. Meeting registration is required to attend Scientific Paper Sessions at the ASCRS Annual Meeting.

Scientific Films

ASCRS Scientific Films will be available for viewing in the Education Hub during the ASCRS Annual Meeting and on the ASCRS website year-round. The 42nd ASCRS

ASCRS PROGRAM GENERAL INFORMATION

Attendee Registration

Location: North Lobby of the Boston Convention & Exhibition Center

ATTENDEE REGISTRATION HOURS

Thursday, April 4	12:00–5:00 p.m.
Friday, April 5	7:00 a.m.–5:00 p.m.
Saturday, April 6	7:00 a.m.–5:00 p.m.
Sunday, April 7	7:00 a.m.–5:00 p.m.
Monday, April 8	7:00 a.m.–12:00 p.m.

Attendee registration includes a badge, downloadable ASCRS ASOA Meeting app, all sessions and regular courses, entrance to the Exhibit Hall, entrance to Party for a Purpose, and access to ASCRS On Demand. (physician registrants only).

ASCRS Subspecialty Day programs, Skills Transfer Labs, and ASOA Lunches require a separate registration and fee.

ASCRS and ASOA registrants are welcome to attend either or both programs. A joint registration category is available for those interested in attending both the ASOA and Technicians & Nurses Programs.

Press Registration

Registered media may pick up badges during registration hours at Attendee Registration. All other media must register during the hours outlined above. Official press credentials (business card, press card, letter on official letterhead certifying media affiliation) must be presented.

Exhibitor Registration

All representatives must present a picture ID to pick up a badge.

Location: North Lobby of the Boston Convention & Exhibition Center

EXHIBITOR REGISTRATION HOURS

Thursday, April 4	2:00–5:00 p.m.
Friday, April 5	7:00 a.m.–5:00 p.m.
Saturday, April 6	7:00 a.m.–5:00 p.m.
Sunday, April 7	7:00 a.m.–5:00 p.m.
Monday, April 8	7:00 a.m.–12:00 p.m.

Exhibitors will have access to the Exhibit Hall beginning on Tuesday, April 2. Exhibitors will need to check in with security at the Exhibit Hall entrances to receive a wristband each day until registration opens on Thursday, April 4.

Exhibitors will be able to enter the Exhibit Hall with their designated exhibitor badges on Thursday, April 4. No wristband will be required once a badge has been picked up.

Beginning Friday, April 5, exhibitors MUST have a badge to enter the Exhibit Hall. Wristbands will NOT be accepted.

Evaluate Sessions and Claim Credits

The ASCRS and ASOA Programs can be evaluated electronically. Attendees have three options for evaluating sessions and claiming credit.

Onsite: Visit any **Education Hub Station** and evaluate sessions and claim credit. Education Hub Stations are located throughout the convention center.

In the ASCRS ASOA Meeting app: Visit a session within the Program section of the app and click the Evaluate icon to evaluate that particular session in real time. (App login is required.)

Online: Complete the online Evaluation & Credit Claim on any computer or mobile device.

GENERAL INFORMATION

Note: All attendees must have their badges printed onsite to be verified as eligible for credit. A valid badge number is needed for access to the Evaluation and Credit Claim.

The Technicians & Nurses Program will use paper evaluations, which will be given to the attendees upon entering the course room. IJCAHPO credits are processed and claimed directly through IJCAHPO.

ASCRS and ASOA Attendee Central

Visit **ASCRS and ASOA Attendee Central** in the North Lobby to learn more about member benefits and how these societies work to Educate, Advocate, and Donate in order to improve vision, outcomes, and quality of life for the patients served by ophthalmologists, technicians, nurses, administrators, and support staff.

HOURS	
Friday, April 5	7:00 a.m.–5:00 p.m.
Saturday, April 6	7:00 a.m.–5:00 p.m.
Sunday, April 7	7:00 a.m.–5:00 p.m.
Monday, April 8	7:00 a.m.–3:00 p.m.

ASCRS Education Hub

Education Hub stations are provided as a one-stop shop for educational resources onsite. Within the Education Hub, attendees can:

CLAIM

- CME credits for ASCRS Subspecialty Day
- CME credits for the ASCRS Annual Meeting
- COE and AAPC credits for the ASOA Annual Meeting

VIEW

- ASCRS Scientific Films
- ASCRS Electronic Posters
- ASCRS Ophthalmology Hall of Fame
- Ophthalmic Photographers/Society (OPS) Digital Exhibit

Education Hub Stations are located throughout the convention center.

Course Handouts

ASCRS instructional course and ASOA practice management course handouts are available through the ASCRS ASOA Meeting app. Additionally, ASOA handouts will be available online. Course handouts will remain online for several months after the meeting.

A link to available handouts for the Technicians & Nurses Program will be provided to registrants by IJCAHPO.

ASCRS On Demand

2024 ASCRS Annual Meeting physician attendees: your meeting registration will provide post-meeting access to recordings of ASCRS General Sessions, Symposia, Instructional Courses, and ASCRS Paper Sessions presented in English. In addition, you will receive access to ASCRS Scientific Films in video format, as well as ASCRS Electronic Posters in PDF format.

2024 ASCRS Subspecialty Day attendees: your meeting registration will provide post-meeting access to recordings of the full ASCRS Cornea Day, ASCRS Glaucoma Day, and ASCRS Refractive Day.

All ASCRS On Demand content will be available by 12:00 p.m. EDT on Wednesday, April 10, 2024.

ASCRS ASOA Meeting App

For comprehensive program information as well as the most recent updates, download and refer to the ASCRS ASOA Meeting app.

EDUCATION CREDITS

2024 ASCRS Continuing Medical Education (CME)

CME MISSION STATEMENT

The American Society of Cataract and Refractive Surgery's (ASCRS') continuing medical education mission is to improve the competence of ophthalmologists/ anterior segment surgeons by offering an avenue for the presentation and discussion of innovative techniques and technologies and fostering an open environment where current practices are presented and questions and improvements in patient care are continually sought.

ACCREDITATION STATEMENT

ASCRS is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians. ASCRS takes responsibility for the content, quality, and scientific integrity of the CME activity.

DESIGNATION STATEMENT

ASCRS designates the ASCRS and ASOA Programs within the ASCRS ASOA Annual Meeting for a maximum of 32 *AMA PRA Category 1 Credits™*. Physicians should only claim credit commensurate with the extent of their participation in the activity.

All CME activities approved for *AMA PRA Category 1 Credit™* are valid for recognition by the European Accreditation Council for Continuing Medical Education (EACCME). Physicians not licensed in the U.S. who participate in this CME activity are eligible for *AMA PRA Category 1 Credit™*.

Physicians can claim CME credit up to the maximum listed above for attending the Physicians Program (ASCRS), including scientific films and posters on demand, scientific papers, courses, symposia, and general sessions. Attendees registered as exhibitors, spouses, and guests are not eligible for CME credits. Note: All attendees must have their badges visit a badge verification station to be eligible to claim credits and evaluate the program.

ASCRS Annual Meeting

EDUCATIONAL OBJECTIVES

Upon completion of the ASCRS Annual Meeting, participants should be able to:

- Recognize and discuss current and advanced treatment strategies for anterior segment surgery, and corneal, glaucoma, and retinal conditions.
- Identify the latest developments and advances in techniques and technology within anterior segment surgery and comprehensive ophthalmology.
- Identify complicating factors in anterior segment surgery and develop appropriate treatment plans.
- Practice hands-on surgical skills and techniques in Skills Transfer Labs.
- Examine external legislative issues and internal business practice issues affecting the field of ophthalmology.

2024 ASCRS Subspecialty Day CME Credit

ACCREDITATION STATEMENT

ASCRS is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians. ASCRS takes responsibility for the content, quality and scientific integrity of the CME activity.

DESIGNATION STATEMENT

ASCRS designates the ASCRS Subspecialty Day Programs for a maximum of 6.5 *AMA PRA Category 1 Credits™*. Physicians should only claim credit commensurate with the extent of their participation in the activity.

All CME activities approved for *AMA PRA Category 1 Credit™* are valid for recognition by the European Accreditation Council for Continuing Medical Education (EACCME). Physicians not licensed in the U.S. who participate in this CME activity are eligible for *AMA PRA Category 1 Credit™*.

Physicians can claim CME credit up to the maximum listed above for attending the Physicians Program (ASCRS), including scientific films and posters on demand, scientific

EDUCATION CREDITS

papers, courses, symposia, and general sessions. Attendees registered as exhibitors, spouses, and guests are not eligible for CME credits. Note: All attendees must have their badges visit a badge verification station to be eligible to claim credits and evaluate the program.

ASCRS Cornea Day

TARGET AUDIENCE

Practicing ophthalmologists who care for patients with corneal-related conditions.

EDUCATIONAL OBJECTIVES

- Describe updates in surgical cornea—management of Fuchs dystrophy, posterior lamellar keratoplasty updates, keratoprosthesis, and emerging technologies.
- Discover treatment options for management of corneal infections and chronic corneal inflammatory disorders.
- Employ strategies for managing complex cornea cases in treating complex IOL cases, open sky, complex EK, and artificial irises.
- Discuss office-based corneal disease management, to include the management of keratoconus, corneal collagen crosslinking, herpes eye disease, and infectious keratitis.
- Examine current research related to the etiology and treatment of ocular surface diseases.
- Develop strategies to identify and efficiently manage patients with severe ocular surface disease, dry eye disease, and surface neoplasias.

ASCRS Glaucoma Day

TARGET AUDIENCE

Practicing ophthalmologists who care for patients with glaucoma-related conditions.

EDUCATIONAL OBJECTIVES

- Effectively evaluate current and new diagnostic testing modalities to assist in the early diagnosis of the glaucoma patient and glaucoma suspect as well as disease progression.

- Make treatment decisions using evidence-based recommendations regarding the use of medical and laser therapies for the treatment of glaucoma.
- Evaluate best phacoemulsification treatment options and considerations for patients with complex, pre-existing, and advanced glaucoma.
- Discuss recent and emerging microinvasive glaucoma surgical (MIGS) options.
- Integrate pearls to improve glaucoma surgical outcomes.
- Implement strategies to manage glaucoma surgical outcomes.
- Give examples of how to include AI and/or Virtual Reality in glaucoma treatments.

ASCRS Refractive Day

TARGET AUDIENCE

This educational activity has been designed for anterior segment surgeons and comprehensive ophthalmologists.

EDUCATIONAL OBJECTIVES

- Review skills needed during preoperative assessment for insightful patient selection and effective patient counseling to ensure patient satisfaction and expectations for the future.
- Examine how different diagnostics help guide preoperative decisions and patient conversations and how refractive surgery procedures have evolved.
- Explain the impact of presbyopia and compare the current options available.
- Compare and contrast all new technologies available in refractive cataract surgery.
- Demonstrate how to approach patients with varied ocular conditions to increase their understanding, expectations, and satisfaction with their refractive procedure.
- Discuss how to help manage unhappy postop refractive cataract surgery patients.
- Discuss audience response questions with panel.

EDUCATION CREDITS

ASCRS Satellite CME Programs: Retina in the setting of cataract surgery

TARGET AUDIENCE

This educational activity has been designed for anterior segment and retina surgeons.

ACCREDITATION STATEMENT

The American Society of Cataract and Refractive Surgery is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians. ASCRS takes responsibility for the content, quality, and scientific integrity of the CME activity.

DESIGNATION STATEMENT

The American Society of Cataract and Refractive Surgery designates "Retina in the setting of cataract surgery" for a maximum of 1.0 *AMA PRA Category 1 Credit*[™]. Physicians should only claim credit commensurate with the extent of their participation in the activity.

EDUCATIONAL OBJECTIVES

- Discuss geographic atrophy (GA) and age-related macular degeneration (AMD) and examine how it impacts the cataract surgeon and comprehensive ophthalmologist's patient treatment plan.
- Recognize the need for a diagnostic evaluation for patients presenting with retinal diseases.
- Describe advances in imaging that can improve the diagnosis and treatment of preoperative abnormalities in retinal disorders.
- Discover and discuss clinical experiences with expert retina specialists to improve clinical and surgical practices and patient care.
- Discuss postoperative complications and develop a comprehensive treatment plan for CME, ERM, and floaters.

ASCRS Satellite CME Programs: It's getting hot in here...sensations of the eye

TARGET AUDIENCE

This educational activity has been designed for anterior segment and corneal surgeons.

ACCREDITATION STATEMENT

The American Society of Cataract and Refractive Surgery is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians. ASCRS takes responsibility for the content, quality, and scientific integrity of the CME activity.

DESIGNATION STATEMENT

The American Society of Cataract and Refractive Surgery designates "It's getting hot in here...sensations of the eye" for a maximum of 1.0 *AMA PRA Category 1 Credit*[™]. Physicians should only claim credit commensurate with the extent of their participation in the activity.

EDUCATIONAL OBJECTIVES

- Explain the pathophysiology of the neuro sensor's role in tear film imbalance and inflammation and its connection to the ocular surface.
- Summarize treatments related to neurosensory and anti-inflammatory pathways.
- Describe treatments related to the evaporative dry eye pathway, what is currently available, and what is coming.

EDUCATION CREDITS

DISCLOSURE OF FINANCIAL INTEREST

All faculty members are required to disclose whether they have any financial interest (or lack thereof) from the past 24 months with an ineligible company whose primary business is producing, marketing, selling, reselling, or distributing healthcare products or services consumed by, or used on patients. Faculty members are also required to disclose such information verbally and on their first slide. ASCRS considers presenting authors, no co-authors, to be in control of the educational content. As a professional courtesy, ASCRS acknowledges co-authors and all people contributing to the research, regardless of CME control of the live presentation of that content. Though they are acknowledged, co-authors do not have control of the CME content, and their disclosures are not published or resolved.

The intent of this disclosure is not to disqualify anyone from participating but to provide the Program Committee with information so they can design and implement a balanced, independent, and scientific educational activity. The Financial Interest Index provides information to attendees so they can make their own judgement regarding the interest or relationship and the materials presented.

All of the relevant financial relationships have been mitigated. Please see <https://annualmeeting.ascrs.org/> for additional information.

PRESENTER DISCLOSURES

It is an ASCRS requirement that all presenters disclose on the first slide and verbally at the beginning of any presentation whether they have any relevant financial interests from the past 24 months. Presenters are expected to give a fair and balanced presentation.

CONTROL OF CONTENT

ASCRS considers the following to be in control of CME content:

- Planners, presenters, moderators, and panelists for general sessions and symposia
- Lead instructors and co-instructors for instructional courses
- Lead authors/presenters of scientific papers
- Lead authors of scientific posters
- Lead creators/presenters of scientific films
- Leaders of expert roundtable sessions

NOTICE ABOUT OFF-LABEL

USE PRESENTATIONS

The ASCRS ASOA Annual Meeting may include presentations on drugs or devices, or uses of drugs or devices that may not have been approved by the Food and Drug Administration (FDA) or have been approved by the FDA for specific uses only. The FDA has stated that it is the responsibility of the physician to determine the FDA clearance status of each drug or device he or she wished to use in clinical practice.

ASCRS is committed to the free exchange of medical education. Inclusion of any presentation in this program, including presentations of off-label uses, does not imply an endorsement by ASCRS of the uses, products, or techniques presented.

CME CREDIT QUESTIONS

Send questions on CME credit claiming to cme@ascrs.org.

EDUCATION CREDITS

ASOA Annual Meeting

EDUCATIONAL OBJECTIVES

At the conclusion of the program, ASOA Annual Meeting attendees will be able to:

- Discuss various aspects of business management and integrate adjustments to practices as necessary.
- Describe and implement adjustments to policies and procedures related to human resources management.
- Assess leadership qualities and practices and apply concepts.
- Evaluate current practice marketing campaigns and efforts and recommend improvements where possible.
- Describe advancements in electronic health records and health information technologies.
- Summarize the latest compliance and coding updates.

CONTINUING EDUCATION CREDIT

ASOA designates this activity for a maximum of 19.75 COE credits and 18.25 CME credits. Attendees should claim only the credit commensurate with the extent of their participation in the activity. ASOA offers various continuing education credits for its 2024 program.

CERTIFIED OPHTHALMIC EXECUTIVE (COE)

Attendees: The ASOA Annual Meeting qualifies for COE Category A credits. All attendees seeking COE credits MUST be registered for the ASOA program or the joint ASOA/Technicians & Nurses Program.

Speakers: ASOA designates this activity for a maximum of 18.75 COE Category C credits.

AMERICAN ACADEMY OF PROFESSIONAL CODERS (AAPC)

ASOA provides AAPC continuing education credit for practice management courses.

Attendees registered as exhibitors and guests may not claim education credits for this program.

IJCAHPO Credits

For the Technicians & Nurses Program, evaluations will be distributed at the beginning of each day and collected at the conclusion of each day. International Joint Commission on Allied Health Personnel in Ophthalmology/California Board of Registered Nursing (IJCAHPO/CA BRN) credits will be processed and claimed directly through IJCAHPO.

The Technicians & Nurses Program has been approved for credit by IJCAHPO and is CA BRN approved for select courses. A maximum of 16 IJCAHPO Credits are available for this program.

IJCAHPO is an approved provider by the California Board of Registered Nursing, Provider #13516, for Contact Hours.

All attendees seeking IJCAHPO/CA BRN credits must be registered for the Technicians & Nurses Program or the joint ASOA/Technicians & Nurses Program. Attendees registered as exhibitors or guests may not claim education credits for this program.

SUBSPECIALTY DAY

ASCRS SUBSPECIALTY DAY ASCRS CORNEA DAY

ASCRS CORNEA DAY 2024

Sponsored by the ASCRS Cornea
Clinical Committee

Room: Ballroom West

Join world-renowned faculty for the premier 1-day interactive program focusing on cornea education. Pertinent topics are covered via panel discussions, case studies, debates, and surgical video reviews, showcasing the latest innovations and inventive techniques in this specialty.

Program Co-Chairs: Marjan Farid, MD, and Francis Mah, MD

Program Planning Committee: Brandon Ayres, MD; Winston Chamberlain, MD, PhD; Sumit "Sam" Garg, MD; W. Barry Lee, MD; Leela Raju, MD; Naveen Rao, MD; Julie Schallhorn, MD; Zachary Zavodni, MD

8:00–9:35 a.m.

Session I: Complex Cornea Cases

Moderators: W. Barry Lee, MD, and Naveen Rao, MD

8:00–8:01 a.m.

Introduction

Marjan Farid, MD, and Francis Mah, MD

Infections and Inflammations

8:03–8:10 a.m.

Management of fungal keratitis

Dean Ouano, MD

8:10–8:13 a.m.

Panel discussion

8:13–8:20 a.m.

Scleritis workup and management

Helen Wu, MD

8:20–8:23 a.m.

Panel discussion

8:23–8:30 a.m.

Management of non-healing corneal ulcers

Amy Lin, MD

8:30–8:33 a.m.

Panel discussion

8:33–8:40 a.m.

OSSN and melanoma workup

Carol Karp, MD

8:40–8:43 a.m.

Panel discussion

8:43–8:50 a.m.

Zoster management

Elisabeth Cohen, MD

8:50–8:53 a.m.

Panel discussion

Keratoconus Corner

8:53–9:00 a.m.

What is progressive disease? When do I need to treat?

Bill Trattler, MD

ASCRS CORNEA DAY

9:00–9:03 a.m.

Panel discussion

9:03–9:10 a.m.

Crosslinking—now and what's coming

Michael Raizman, MD

9:10–9:13 a.m.

Panel discussion

9:13–9:20 a.m.

Scleral lens management

Deborah Jacobs, MD

9:20–9:35 a.m.

Panel discussion

9:35 a.m.

Session concludes

9:35–9:50 a.m.

Break with exhibitors

Posterior Lamellar Keratoplasty

9:52–10:03 a.m.

Management of Fuchs (diagnosing and when to treat)

Sanjay Patel, MD

10:04–10:08 a.m.

Panel discussion

10:09–10:20 a.m.

PLK techniques—what procedure for what case

Jennifer Rose-Nussbaumer, MD

10:21–10:25 a.m.

Panel discussion

10:26–10:37 a.m.

Upcoming technology

Deepinder Dhaliwal, MD

10:38–10:42 a.m.

Panel discussion

Anterior Lamellar Keratoplasty

10:43–10:54 a.m.

Management of anterior corneal disease

Ula Jurkunas, MD

10:55–10:59 a.m.

Panel discussion

11:00–11:11 a.m.

ALK/DLAS techniques—what procedure for what case

Sadeer Hannush, MD

11:12–11:16 a.m.

Panel discussion

11:17–11:28 a.m.

Technology

Ken Nischal, MD, FAAP, FRCOphth

11:29–11:33 a.m.

Panel discussion

9:50 a.m.–12:00 p.m.

Session II: Keratoplasty—Now and What's Coming

Moderators: Brandon Ayres, MD, and Julie Schallhorn, MD

9:50 a.m.

Session introduction

11:34–11:45 a.m.

Government relations

Parag Parekh, MD

11:46–11:56 a.m.

Panel discussion

11:57 a.m.–12:00 p.m.

Session concludes

12:00–1:00 p.m.

Lunch

1:00–2:00 p.m.

Session III: Anterior Segment and Cornea Surgical Video Roundup

Moderators: Winston Chamberlain, MD, PhD, and Leela Raju, MD

1:00–1:01 p.m.

Welcome back

1:02–1:07 p.m.

Complex DMEK

David Rootman, MD

1:08–1:10 p.m.

Panel discussion

1:11–1:16 p.m.

DMEK complication/difficult surgery: I wish I had done a DSAEK instead

Kavitha Sivaraman, MD

1:17–1:19 p.m.

Panel discussion

1:20–1:25 p.m.

Complicated cataract IOL exchange with vitreous prolapse

Jessica Chen, MD

1:26–1:28 p.m.

Panel discussion

1:29–1:34 p.m.

DALK: alternative techniques for complicated pathology

Enrica Sarnicola, MD

1:35–1:37 p.m.

Panel discussion

1:38–1:43 p.m.

Iris repair—how to deal with limited real estate

Sabrina Mukhtar, MD

1:44–1:46 p.m.

Panel discussion

1:47–1:52 p.m.

Pediatric keratoplasty: a case I wish I had done during fellowship

Simon Fung, MD

1:53–2:00 p.m.

Panel discussion and session onclude

2:00–2:15 p.m.

Break with exhibitors

ASCRS SUBSPECIALTY DAY

ASCRS CORNEA DAY

2:15–3:45 p.m.

Session IV: The Ocular Surface

Moderators: Sumit “Sam” Garg, MD, and Zachary Zavodni, MD

2:15 p.m.

Welcome back

Severe OSD Management

2:16–2:25 p.m.

Medical management of limbal stem cell deficiency (LSCD)

Clara Chan, MD

- **Case 1)** DX and management in a mild case
- **Case 2)** Moderate case requiring/evidence behind use of serum/PRGF/amniotic membrane

2:26–2:35 p.m.

Surgical management of LSCD

Albert Cheung, MD

- **Case 1)** Unilateral disease discussion of SLET, discuss when/if super K is advisable
- **Case 2)** Severe bilateral case; KLAL/Cincinnati

2:36–2:40 p.m.

Panel discussion

2:41–2:50 p.m.

Pearls in office-based management of neurotrophic keratitis

Sarah Nehls, MD

- **Case 1)** Stage 1
- **Case 2)** Stage 2

2:51–3:00 p.m.

Surgical management of stage 2/3 neurotrophic keratitis

Saama Sabeti, MD

- **Case 1)** How/when to glue, any new surgical technique to AMT application
- **Case 2)** Neurotization

3:01–3:05 p.m.

Panel discussion

Dry Eye Corner

3:06–3:15 p.m.

OSD management in preparation for cataract surgery: the data behind it and practical implementation strategies

Mitchell Weikert, MD

- **Case 1)** A dive into pretreatment of ocular surface for cataract surgery—when are the outcomes better and when are they not
- **Case 2)** CTL cessation example

3:16–3:25 p.m.

In-office and home procedures for OSD

Mina Farahani, MD

- **Case 1)** AMT/prokera
- **Case 2)** Lid Procedure
- **Case 3)** Example/discussion of a home-based procedure

3:26–3:33 p.m.

Updates, what's new in treatment, what's new and on the threshold of FDA approval

Eric Donnenfeld, MD

3:34–3:45 p.m.

Panel discussion

3:45 p.m.

Session concludes

ASCRS REFRACTIVE DAY

ASCRS REFRACTIVE DAY 2024

Sponsored by the ASCRS Refractive Surgery Clinical Committee

The Refractive Surgery Triathlon: Master All Stages of the Lifelong Refractive Journey

BCEC - Ballroom East

Refractive Day will focus on understanding our patients' lifelong refractive journey. Over a lifetime, patients could benefit from corneal refractive surgery and phakic IOLs, presbyopia treatments, and refractive cataract surgery. Therefore, when planning any refractive approach, surgeons should consider past, present, and possible future treatments. Like triathletes preparing for a three-staged race, surgeons should develop specific skillsets for each stage of refractive surgery while cultivating a general knowledge and continued awareness of the entire lifelong refractive journey.

Program Co-Chairs: Daniel Chang, MD, Cathleen McCabe, MD, and Vance Thompson, MD

8:00–9:30 a.m.

Session 1: Swimming the Waves of Corneal Refractive and Phakic IOL Surgery

Moderators: William Wiley, MD, and Audrey Talley Rostov, MD

8:00–8:02 a.m.

Welcome and introduction

Vance Thompson, MD

The Journey of Refractive Surgery:

8:02–8:12 a.m.

Preparing for the refractive surgery triathlon of life: preoperative considerations with the end in mind

Eric Donnenfeld, MD

8:12–8:22 a.m.

Before you allow the race to start: setting realistic expectations for a lifetime of refractive surgery

Steven Dell, MD

8:22–8:32 a.m.

Panel discussion

Diagnostics:

8:32–8:39 a.m.

A powerful key to succeeding in the refractive surgery triathlon: the tear lens

Preeya Gupta, MD

8:39–8:46 a.m.

What mapping the epithelium is telling us about patient selection and procedure recommendation

Julie Schallhorn, MD

8:46–8:53 a.m.

Measuring corneal higher order aberrations and how it affects preoperative decision making in refractive surgery

Karolinne Rocha, MD, PhD

8:53–9:05 a.m.

Panel discussion

Corneal Laser/Phakic IOL:

9:05–9:12 a.m.

The progress and current state of corneal lenticule extraction

William Wiley, MD

9:12–9:19 a.m.

The modern day phakic IOL and its place in refractive surgery

Luke Rebenitsch, MD

9:19–9:30

Panel discussion

9:30–10:00 a.m.

Session 2: Steinert Lecture “RLE: What Would Roger Do?”

9:30–9:40 a.m.

Introduction

Vance Thompson, MD

9:40–10:00 a.m.

Steinert Lecture: “RLE: What would Roger do?”

Stephen Slade, MD

10:00–10:20 a.m.

Break with exhibitors

10:20 a.m.–12:00 p.m.

Session 3: Cycling the Range of Presbyopia Treatments

Moderators: Daniel Chang, MD, and Lisa McIntire, MD

Perspectives on Presbyopia and its Treatment:

10:20–10:28 a.m.

The impact of presbyopia on the lives of our patients

Marguerite McDonald, MD

10:28–10:36 a.m.

Describing the aging lens to patients

George Waring IV, MD

10:36–10:42 a.m.

Panel discussion

10:42–10:50 a.m.

Presbyopia-correcting paradigm: from why to how to what

Daniel Chang, MD

10:50–10:58 a.m.

Presbyopia treatment practice patterns

Lisa McIntire, MD

10:58–11:10 a.m.

Panel discussion

Approaches to Presbyopia Treatment:

11:10–11:18 a.m.

Pharmaceutical: presbyopia eye drops

Kathryn Hatch, MD

ASCRS REFRACTIVE DAY

11:18–11:26 a.m.

Corneal: hyperopic corrections, multifocal treatments, and monovision

Marcony Santhiago, MD

11:26–11:32 a.m.

Panel discussion

11:32–11:40 a.m.

Phakic IOL: extended depth of focus phakic IOLs

Roger Zaldivar, MD

11:40–11:48 a.m.

Lenticular: refractive lens exchange

Greg Parkhurst, MD

11:48 a.m.–12:00 p.m.

Panel discussion

12:00–1:00 p.m.

Lunch

1:00–2:40 p.m.

Session 4: Running the Distance With Refractive Cataract Surgery

Moderators: Cathleen McCabe, MD, and Kendall Donaldson, MD

Refractive Cataract Surgery in the Diseased Eye:

1:00–1:05 p.m.

Dry eye disease

Jennifer Loh, MD

1:05–1:10 p.m.

Panel discussion

1:10–1:15 p.m.

Previous corneal refractive surgery

Nandini Venkateswaran, MD

1:15–1:20 p.m.

Panel discussion

1:20–1:25 p.m.

Glaucoma

Paul Singh, MD

1:25–1:30 p.m.

Panel discussion

1:30–1:35 p.m.

Amblyopia/unilateral pathology

John Hovanesian, MD

1:35–1:40 p.m.

Panel discussion

1:40–1:50 p.m.

Summary

Managing the Unhappy Postop Refractive Cataract Surgery Patient:

1:50–1:55 p.m.

Case 1—Corneal refractive surgery for a refractive miss

Marjan Farid, MD

ASCRS REFRACTIVE DAY

1:55–2:00 p.m.

Panel discussion

2:00–2:05 p.m.

Case 2—IOL exchange for a refractive miss

Zaina Al-Mohtaseb, MD

2:05–2:10 p.m.

Panel discussion

2:10–2:15 p.m.

Case 3—On target with refraction and not happy with the lens technology

Mitchell Weikert, MD

2:15–2:20 p.m.

Panel discussion

2:20–2:25 p.m.

Case 4—Neuroadaptation

Filomena Ribeiro, MD

2:25–2:30 p.m.

Panel discussion

2:30–2:40 p.m.

Summary

2:40–3:00 p.m.

Break with exhibitors

3:00–3:45 p.m.

Session 5: Finishing Strong With Audience Q&A

Moderators: All Moderators and Parag Parekh, MD

3:00–3:15 p.m.

Session 1: Swimming the waves of corneal refractive and phakic IOL surgery

3:15–3:30 p.m.

Session 2: Cycling the range of presbyopia treatments

3:30–3:45 p.m.

Session 3: Running the distance with refractive cataract surgery

ASCRS SUBSPECIALTY DAY ASCRS GLAUCOMA DAY

ASCRS GLAUCOMA DAY 2024

Sponsored by the ASCRS Glaucoma Clinical Committee

Room 253ABC

Expand your knowledge of glaucoma treatment options with cutting-edge guidance to influence your practice and improve patient outcomes. Acclaimed speakers, real-world case studies, debates, videos, and the latest surgical techniques and clinical advances make ASCRS Glaucoma Day this year's premier glaucoma event.

Program Co-Chairs: Nathan Radcliffe, MD, and Manjool Shah, MD

8:00–9:00 a.m.

Session I: ASCRS/ AGS Joint Symposium

Moderators: Davinder Grover, MD, MPH, and Jella Angela An, BSC, FRCSC, MD

8:00–8:04 a.m.

Welcome remarks

Nathan Radcliffe, MD, and Manjool Shah, MD

8:04–8:12 a.m.

IOL calculation and astigmatism management in the setting of traditional glaucoma surgery

Aakriti Garg Shukla, MD

8:13–8:18 a.m.

Panel discussion

8:18–8:26 a.m.

Multifocal/EDOF/LAL IOLs in glaucoma patients and suspects

Paul Harasymowycz, MD

8:27–8:32 a.m.

Panel discussion

8:32–8:40 a.m.

Use of wavefront analysis and optimizing refractive outcomes in phaco/MIGS

Sahar Bedrood, MD, PhD

8:41–8:46 a.m.

Panel discussion

8:46–8:54 a.m.

Laser refractive surgery in high-risk glaucoma suspects

Michael Greenwood, MD

8:55–9:00 a.m.

Panel Discussion

9:00–10:15 a.m.

Session II: Glaukomtecken

The latest and greatest in glaucoma diagnostics.

Moderators: Oluwatosin Smith, MD, and Manjool Shah, MD

9:00–9:08 a.m.

Virtual reality visual fields

Michelle Butler, MD

ASCRS GLAUCOMA DAY

9:09–9:17 a.m.

Intraoperative OCT

Paul Singh, MD

9:18–9:26 a.m.

Corneal hysteresis

Alessandro Jammal, MD, PhD

9:27–9:42 a.m.

Panel discussion/Q&A

9:43–9:51 a.m.

Glaucoma and AI

Robert Chang, MD

9:52–10:00 a.m.

Diagnostics of the future—genetics, DARC, and beyond

Inas Aboobakar, MD

10:01–10:15 a.m.

Panel discussion/Q&A

10:15–10:45 a.m.

Break with exhibitors

10:45 a.m.–12:00 p.m.

Session III: Medications, Lasers, & Lifestyle

The session includes strategies to treat glaucoma from life-style modifications, medication use, and laser therapy, and will also focus on the well-being of our patients and surgeons to diminish risks over time.

Moderators: Deborah Ristvedt, DO, and Arsham Sheybani, MD

Part 1: Medications

10:45–10:53 a.m.

Uveitis and glaucoma: from the drops that cause uveitis to the meds that treat it

Erin Sieck, MD

10:54–11:02 a.m.

Novel medications from formulation to mechanism

Arthur Sit, MD, MS

11:03–11:11 a.m.

Pipeline drug delivery: will it change how we treat our patients?

George Reiss, MD

Part 2: Lasers

11:12–11:20 a.m.

Lasers in pigment dispersion

Monica Ertel, MD, PhD

11:21–11:29 a.m.

Angle closure

Gus Gazzard, MD, FRCOphth, MA, MBBS

Part 3: Lifestyle

11:30–11:38 a.m.

FDA-approved options and how to maximize their use

Leo Seibold, MD

11:39–11:47 a.m.

Glaucoma pipeline: drug delivery and lasers

Sarah Van Tassel, MD

11:48 a.m.–12:00 p.m.

Panel discussion/Q&A

12:00–1:00 p.m.

Lunch with exhibitors

1:00–2:15 p.m.

Session IV: Surgical Spotlight

Moderators: David Crandall, MD, and Sahar Bedrood, MD, PhD

What Procedure Would You Have?

1:00–1:04 p.m.

Case presentation

Sahar Bedrood, MD, PhD, and David Crandall, MD

ASCRS GLAUCOMA DAY

1:04–1:30 p.m.

Panel discussion—cases response

Emily Schehlein, MD, Michael Boland, MD, PhD, and Kelly Muir, MD, MHSc

1:31–1:36 p.m.

Panel discussion/Q&A

Red Flags/When to Refer

1:36–1:43 p.m.

When to think about standalone angle surgery

David Sola-Del Valle, MD

1:44–1:51 p.m.

MIGS used in an unexpected manner during surgery

Ike Ahmed, MD

1:52–1:59 p.m.

Bleb revisions: tips and differences between trab and gel stent revisions

Roma Patel, MD, MBA

2:00–2:08 p.m.

ABCs, LCDs, and MACs of MIGS

Parag Parekh, MD

2:08–2:15 p.m.

Panel discussion/Q&A

2:15–2:45 p.m.

Break with exhibitors

2:45–3:15 p.m.

Session V: Stephen A. Obstbaum, MD, Honored Lecture

2:45–2:50 p.m.

Introduction

Doug Rhee, MD

2:50–3:10 p.m.

Topic TBD

Leon Herndon Jr, MD

3:10–3:15 p.m.

Award presentation

Nathan Radcliffe, MD

3:15–3:45 p.m.

Session VI: 14th Annual Video Session: Complications and a Ray of Hope

Moderators: Sameh Mosaed, MD, Jody Piltz-Seymour, MD, Doug Rhee, MD, and Nathan Radcliffe, MD

3:15–3:17 p.m.

Introductory remarks

3:17–3:21 p.m.

Complicated case video #1

Presenter TBD

3:22–3:26 p.m.

Complicated case video #2

Presenter TBD

3:27–3:31 p.m.

Complicated case video #3

Presenter TBD

3:32–3:36 p.m.

Complicated case video #4

Presenter TBD

3:37–3:40 p.m.

Audience vote: best video

3:40–3:42 p.m.

Award presentation

3:42–3:45 p.m.

Closing remarks

Nathan Radcliffe, MD, and Manjool Shah, MD

ASCERS PROGRAM

ASCRS PROGRAM FRIDAY, APRIL 5

9:00-10:00 a.m.

SKILLS TRANSFER LABS

YES

STL-1: Phaco

BCEC - Meeting Level 1, Room 162AB

Instructor: Priya M. Mathews, MD, MPH

YES

STL-5: Hands-On Yamane Technique

BCEC - Meeting Level 1, Room 160ABC

Instructor: Beeran Meghpara, MD

9:00-11:00 a.m.

SKILLS TRANSFER LABS

YES

STL-9: DMEK/DSAEK

BCEC - Meeting Level 1, Room 160ABC

Instructors: Brenton D. Finklea, MD; Rahul S. Tonk, MBA, MD

10:30-11:30 a.m.

SKILLS TRANSFER LABS

YES

STL-2: Phaco

BCEC - Meeting Level 1, Room 162AB

Instructor: Priya M. Mathews, MD, MPH

YES

STL-6: Anterior Segment Surgery

BCEC - Meeting Level 1, Room 160ABC

Instructor: Nandini Venkateswaran, MD

11:30-1:30 p.m.

SKILLS TRANSFER LABS

YES

STL-10: DMEK/DSAEK

BCEC - Meeting Level 1, Room 160ABC

Instructors: Brenton D. Finklea, MD; Rahul S. Tonk, MBA, MD

12:00-1:00 p.m.

SYMPOSIA

CATARACT

SYM-1 Introducing the Latest Digital Tools for Planning and Performing Cataract Surgery

BCEC - Meeting Level 2, Room 258C

Sponsored by the ASCRS Digital Clinical Committee

ON DEMAND

This symposium introduces you to the latest tools and techniques for preoperative diagnostics, planning cataract surgery with the most modern lens formulas, as well as completing the surgery using advanced techniques and technologies to achieve the highest accuracy and safest outcomes.

Moderator: John A. Hovanesian, MD

Panelists: Eric D. Rosenberg, DO, MSE; Robert T. Chang, MD; Grayson W. Armstrong, MD, MPH; Ryan G. Smith, MD; Julie Schallhorn, MD

ASCRS PROGRAM FRIDAY, APRIL 5

1:00-2:00 p.m.

SKILLS TRANSFER LABS

YES

STL-3: Phaco

BCEC - Meeting Level 1, Room 162AB

Instructor: Mitra Nejad, MD

YES

STL-7: Anterior Segment Surgery

BCEC - Meeting Level 1, Room 160ABC

Instructor: J. Morgan Micheletti, MD

2:00-3:30 p.m.

SKILLS TRANSFER LABS

YES

STL-11: DALK

BCEC - Meeting Level 1, Room 160ABC

Instructors: Kourtney H. Houser, MD; Albert Y. Cheung, MD

2:30-3:30 p.m.

SKILLS TRANSFER LABS

YES

STL-4: Phaco

BCEC - Meeting Level 1, Room 162AB

Instructor: Mitra Nejad, MD

YES

STL-8: Anterior Segment Surgery

BCEC - Meeting Level 1, Room 160ABC

Instructor: Nandini Venkateswaran, MD

3:45-5:30 p.m.

MAIN STAGE

MS-1 Opening Reception and 50th Anniversary on the Main Stage

BCEC - Exhibit Level, Exhibit Hall C

Join us for a kick-off to the meeting as we recognize physicians making an impact in ophthalmology and hear from our ASCRS leadership. Stay for a special segment as we celebrate 50 years of ASCRS!

4:00-5:30 p.m.

INSTRUCTIONAL COURSE

CATARACT

IC-001 The Wonderful World of Iris Protheses: A Case-Based Compendium

BCEC - Meeting Level 2, Room 258A

Instructor: Michael E. Snyder, MD

Co-Instructors: Nicole R. Fram, MD; Kevin M. Miller, MD; Samuel Masket, MD; David R. Hardten, MD; Sathish Srinivasan, FRCSEd, FRCOphth

MAIN STAGE

ASCRS Main Stage events recognize the early pioneers of ophthalmology, as well as those continuing the legacy today, with distinguished named lectures and keynote speakers, innovative symposia, and meaningful awards and honors.

Starring

Renato Ambrosio Jr., MD, PhD
David F. Chang, MD
Peter Choyce, FRCS, DOMS, MS
Nir Shoham-Hazon, MD
Martin Spencer, MD
Vance Thompson, MD
Mitchell Weikert, MD

THE ASCRS MAIN STAGE WILL FEATURE:

Cornelius D. Binkhorst, MD, Lecture
Richard L. Lindstrom, MD, Lecture
Charles D. Kelman, MD, Innovator's Lecture
Several awards, honors, and more

ALSO APPEARING ON THE MAIN STAGE

Cataract Olympics, X-Rounds, and the 42nd Annual ASCRS Film Festival

ASCRS MAIN STAGE SCHEDULE

All events are in Hall C unless otherwise noted

FRIDAY, APRIL 5
Opening Reception
3:45–5:45 p.m.*

SATURDAY, APRIL 6
10:00–11:30 a.m.
1:30–3:00 p.m.*

SUNDAY, APRIL 7
10:00–11:45 a.m.*
1:30–3:00 p.m.
5:30–7:00 p.m.

MONDAY, APRIL 8
Located in Ballroom West
3:30–5:00 p.m.

**This event is non-CME.*

8:00–9:30 a.m.

SYMPOSIA

CATARACT

SYM-2 Retina 2024: Retina for the Anterior Segment Surgeon

BCEC - Ballroom Level 3, Ballroom West

Sponsored by the ASCRS Retina Clinical Committee

ESSENTIALS

ON DEMAND

This symposium will provide an updated overview of the latest medical and surgical retina topics that are most pertinent to the non-retina specialist. Learn from retina experts about posterior capsular rupture management, OCT interpretation, new dry macular degeneration drugs, treatment options for floaters, and more.

Moderator: Christina Y. Weng, MD, MBA

Speakers: Will Parke, MD, ABO; Leo A. Kim, PhD, ABO; Y. Ralph Chu, MD; Christina Y. Weng, MD, MBA, ABO; Michael A. Klufas, MD, ABO; Rajesh C. Rao, MD, ABO; Nandini Venkateswaran, MD, ABO; James Osher, MD; Ghassan R. Ghorayeb, MD, ABO

YES

SYM-3 Good to Great Surgeon: Working Through Complications Video Symposium

BCEC - Meeting Level 2, Room 253AB

Sponsored by the ASCRS YES Clinical Committee

ON DEMAND

Join the YES Clinical Committee for this interactive video symposium where presenters, including current residents, will show difficult cases and complications in the OR. A panel of surgeons will be asked to provide guidance for these complicated cases. Each case will be followed by YES Clinical Committee members' complicated case videos, showing how they worked through similar complications.

Moderator: Zaina Al-Mohtaseb, MD

Panelists: Brenton D. Finklea, MD; Kourtney H. Houser, MD; Cristos Ifantides, MD, MBA; Mitra Nejad, MD; Kamran M. Riaz, MD; Arsham Sheybani, MD

Speakers: Alexander Knezevic, MD; J. Morgan Micheletti, MD, ABO, FACS; Eric Weinlander, MD, ABO; Austin Nakatsuka, MD; Chad Serels, MD; James Tian, MD; Jordan Huang, MD

KERATOREFRACTIVE

GLAUCOMA

SYM-4 Optimizing Refractive Outcomes in the Glaucoma Patient

BCEC - Ballroom Level 3, Ballroom East

Sponsored by the ASCRS Refractive Surgery Clinical Committee and ASCRS Glaucoma Clinical Committee

NEW

This symposium is a joint venture between the Refractive Surgery and Glaucoma Clinical Committees. Attendees will learn about refractive management in patients with glaucoma including preoperative assessments, intraoperative strategies, and postoperative refractive considerations in patients with glaucoma.

Moderators: Nathan M. Radcliffe, MD; Preeya K. Gupta, MD

Speakers: Laura M. Periman, MD, ABO; Inder P. Singh, MD; John P. Berdahl, MD; Michael D. Greenwood, MD; Brandon D. Ayres, MD, ABO; Malik Y. Kahook, MD; Nathan M. Radcliffe, MD, ABO; Preeya K. Gupta, MD

INSTRUCTIONAL COURSES

CATARACT

IC-101 Best of the Cataract Coach

BCEC - Meeting Level 1, Room 153ABC

Instructor: Uday Devgan, MD

Co-Instructors: Rosa Braga-Mele, MD, FRCSC; Deepinder K. Dhaliwal, MD

CATARACT

IC-102 Optimizing Toric Outcomes

BCEC - Meeting Level 2, Room 258B

Instructor: Ronald Yeoh, FRCSEd, FRCOphth

Co-Instructors: Tetsuro Oshika, MD, PhD; Warren Hill, MD

CORNEA

IC-103 Beyond Collagen Crosslinking: Combined Procedures and Complications

BCEC - Meeting Level 1, Room 151AB

Instructor: Miltiadis Balidis, PhD, MD, FEBO

Co-Instructors: Ashraf Armia Balamoun, MD, FRCS, MSc, FACS; Miguel Rechichi, PhD, MD; Francesco Carones, MD; Dimitrios Sakellaris, MD

ASCRS PROGRAM

SATURDAY, APRIL 6

CATARACT

IC-104 Tips and Tricks for Doing a Safe MSICS—The Aravind Way

BCEC - Meeting Level 2, Room 258C

Instructor: Geoffrey C. Tabin, MD

Co-Instructors: Rengaraj Venkatesh, MD; Kannusamy Veena, MD; Keri F. Allen, MD; Kapil Mishra, MD

CORNEA

IC-105 Two Decades of Corneal Crosslinking: Current Indications, Applications, Outcomes, and Complications—Management; The U.S. FDA-Approved Technique and Evolving Technology and Techniques.

BCEC - Meeting Level 1, Room 156AB

Instructor: A. John Kanellopoulos, MD

PRESBYOPIA

IC-106 High-Volume Experience of Presbyopia-Correcting Intraocular Lenses: Our Learnings

BCEC - Meeting Level 1, Room 157AB

Instructor: Rohan Mehra, MBBS, MS

Co-Instructors: Himanshu Mehta, MBBS, MS; Pooja Mehta, MBBS, MS; Rushad C. Shroff, MD; Bhupesh Singh, DOMS; Tushar Grover, MSc

CATARACT

IC-107 Best of the Best: 2024 Update in Advanced Refractive Cataract Surgery

BCEC - Meeting Level 2, Room 258A

Instructor: Barbara Kusa, MD

Co-Instructors: David F. Chang, MD; Matteo Piovella, MD; Burkhard H. Dick, MD, PhD; Eric D. Donnenfeld, MD; Roger Zaldivar, MD, MBA, MSc

CATARACT

IC-108 Secondary IOL Implantation: What I Have Learned and My Current Technique

BCEC - Meeting Level 2, Room 253C

Instructor: George H. Beiko, BM BCh, FRCSC

PAPER SESSIONS

SPS-101 Glaucoma – Surgical Outcomes/Comparisons

BCEC - Meeting Level 2, Room 259A

SPS-102 Refractive Procedures – Other

BCEC – Meeting Level 2, Room 259B

SPS-103 Keratoconus II

BCEC – Meeting Level 2, Room 260

BCEC – Meeting Level 2, Room 257B

SKILLS TRANSFER LABS

STL-1 Advanced Phaco

BCEC – Meeting Level 1, Room 162AB

Instructor: Yousuf M. Khalifa, MD

STL-3 Corneal Suturing Techniques

BCEC - Meeting Level 1, Room 160ABC

Instructors: Jonathan B. Rubenstein, MD; Derek W. DelMonte, MD

8:00-10:00 a.m.

SKILLS TRANSFER LABS

STL-2 Iris Phthesis

BCEC - Meeting Level 1, Room 160ABC

Instructors: Nicole R. Fram, MD; Michael E. Snyder, MD

10:00-11:30 a.m.

MAIN STAGE

MS-2 Saturday Main Stage

BCEC - Exhibit Level, Exhibit Hall C

This session will begin with Annie Duke, former professional poker player, discussing the fine line between grit and quit. Following will be, "The X-Factor: Women Leading by Example." This event culminates with the Cornelius D. Binkhorst, MD, Honored Lecture, which will be given by Mitchell Weikert, MD.

INSTRUCTIONAL COURSES

CORNEA

IC-217 Endothelial Keratoplasty: Mastering DSEK/DMEK/PDEK/DSO and Recent Advances

BCEC - Meeting Level 2, Room 258A

Instructor: Soosan Jacob, MS, DNB, FRCS

Co-Instructors: Sophie X. Deng, MD, PhD; Amar Agarwal, MS, FRCS, FRCOphth; Ashvin Agarwal, MD; Deepinder K. Dhaliwal, MD; Francis S. Mah, MD

CATARACT

IC-109 Posterior Capsular Rupture and Beyond: A Video-Based Course

BCEC - Meeting Level 2, Room 258C

Instructor: Amar Agarwal, MS, FRCS, FRCOphth

Co-Instructors: David F. Chang, MD; Brandon D. Ayres, MD; Ashvin Agarwal, MD; Sumit "Sam" Garg, MD

KERATOREFRACTIVE

IC-110 Transitioning from LASIK to SMILE—Nuances to Optimize Outcomes With Small Incision Lenticule Extraction

BCEC - Meeting Level 1, Room 156AB

Instructor: Aadithreya Varman, MS

Co-Instructors: Arulmozhi Varman, MD; Sri Ganesh, FRCS, MS, DNB; Sheetal Brar, MS

KERATOREFRACTIVE

IC-111 Phakic IOL: an Overview

BCEC - Meeting Level 1, Room 151AB

Instructor: D. Ramamurthy, MD

Co-Instructors: Chitra Ramamurthy, DO; Gaurav Luthra, MS; Mahipal S. Sachdev, MD; H. Burkhard Dick, MD, PhD; Shreyas Ramamurthy, MD

CATARACT

IC-112 The Shift to Office-Based Cataract Surgery: Insights and Considerations from Multiple Surgeons With Varied Practice Profiles

BCEC - Meeting Level 2, Room 258B

Instructor: John W. Josephson, MD

Co-Instructors: Omar Shakir, MD, MBA; Lance Kugler, MD; Michael Shumski, MD; Dagny Zhu, MD; David A. Mittleman, MD

CATARACT

IC-113 New Instruments and Devices in Cataract and Glaucoma Surgery

BCEC - Meeting Level 1, Room 153ABC

Instructor: Durval M. Carvalho Jr., PhD

Co-Instructors: Michael E. Snyder, MD; Ike K. Ahmed, MD, FRCSC; Michael Amon, PhD, MD, FEBO; Sergio F. Canabrava, MD; Cathleen M. McCabe, MD

KERATOREFRACTIVE

IC-114 Adopting Phakic IOLs to Correct High Myopia

BCEC - Meeting Level 2, Room 253C

Instructor: Dimitrii D. Dementiev, MD

Co-Instructors: Matteo Piovella, MD; Roger Zaldivar, MD, MBA, MSC; David R. Hardten, MD; Gregory D. Parkhurst, FACS, MD; Barbara Kusa, MD

ASCRS PROGRAM

SATURDAY, APRIL 6

KERATOREFRACTIVE

IC-115 Path to Consistent Results With Phakic Intraocular Lenses

BCEC - Meeting Level 1, Room 157AB

SYMPOSIA

YES

SYM-25 YES Luncheon/Toolkit for Job Success

BCEC - Meeting Level 2, Room 253AB

Sponsored by the ASCRS YES Clinical Committee

NEW

This symposium will include brief panel discussions, Q&A, and mentorship sessions for YES members covering a wide range of

topics, including fellowship, finding your first job, and international work. Come talk with ASCRS leaders about their experiences and hear their advice.

Moderator: Kourtney H. Houser, MD

Speakers: Masih U. Ahmed, MD, ABO; Beeran Meghpara, MD, ABO; Kamran M. Riaz, MD; Nandini Venkateswaran, MD, ABO; Sumit "Sam" Garg, MD, ABO; Zaina Al-Mohtaseb, MD, ABO; Douglas J. Rhee, MD, ABO; Dagny Zhu, MD, ABO; Mina A. Farahani, MD; Jill B. Maher, MA, COE; Brenton D. Finklea, MD, ABO; Aakriti Garg Shukla, MD, ABO; Cathleen M. McCabe, MD; John P. Berdahl, MD; Priya M. Mathews, MD, MPH, ABO; J. Morgan Micheletti, MD, ABO, FACS; W. Barry Lee, MD; Susan MacDonald, MD

NON-CLINICAL

SYM-5 ASCRS Foundation Symposium: Be the Change You Wish to See

BCEC - Ballroom Level 3, Ballroom East

NEW

Join your colleagues and be part of the solution of addressing blindness domestically and worldwide. This discussion will include lessons learned, current needs, and future opportunities.

Moderators: Susan M. MacDonald, MD, ABO; David F. Chang, MD

Speakers: Susan M. MacDonald, MD, ABO; David F. Chang, MD; Bonnie Henderson, MD; Hunter Cherwick, MD; Kevin Barber, MD; Rengaraj Venkatesh, MD; Adrienne Graves, PhD; Martin Spencer, MD; Vance M. Thompson, MD; Russell Swan, MD

1:30-3:00 p.m.

MAIN STAGE

CATARACT

MS-3 X-Rounds: Refractive Cataract Surgery to the Max

BCEC - Exhibit Level, Exhibit Hall C

ON DEMAND

This fast-paced session will feature the latest and greatest in refractive cataract surgery. Leading surgeons will discuss new and future advances in cataract surgery, improving outcomes, refractive IOLs, and case management. The panel will facilitate discussion on current refractive cataract issues that today's ophthalmologists are facing. This event is non-CME.

Moderator: Eric D. Donnenfeld, MD

Speakers: Elizabeth Yeu, MD; John A. Hovanesian, MD, FACS, ABO; Nicole R. Fram, MD, ABO; Kerry D. Solomon, MD; Preeya K. Gupta, MD

SYMPOSIA

CATARACT

SYM-6 Cataract Surgery & All the Subspecialties

BCEC - Ballroom Level 3, Ballroom West

Co-existing ocular disease can pose unique challenges to cataract surgery. In this symposium, we discuss cataract surgery in patients with oculoplastic disease (such as lid abnormalities), retinal disease (such as age-related macular degeneration or diabetic macular edema), glaucoma (previous filtering surgery), neuro-ophthalmic disease (such as prior AION or diplopia), and corneal disease (Fuchs or previous corneal grafts). We will discuss preoperative, intraoperative, and postoperative risks in these complex eyes and pearls on how to approach cataract surgery.

Moderators: Zaina Al-Mohtaseb, MD; Cathleen M. McCabe, MD; Marjan Farid, MD

Panelists: Brenton Finklea, MD; Dagny Zhu, MD

Speakers: Nahyoung G. Lee, MD; Vivek Patel, MD; Sahar Bedrood, MD; Elizabeth Rossin, MD; Kourtney H. Houser, MD

GLAUCOMA

SYM-7 Glaucoma Pearls: High Speed, High Impact

BCEC - Ballroom Level 3, Ballroom East

Sponsored by the ASCRS Glaucoma Clinical Committee

This symposium will feature leading glaucoma surgeons discussing high-impact pearls in a fast-paced session, with short presentations and panel discussions. Topics will include diagnostics, lasers, medications, MIGS, and Journal Club. Join your fellow audience members to vote on your favorite pearls.

Moderators: Nathan M. Radcliffe, MD; Manjool M. Shah, MD

Panelists/Speakers: Douglas J. Rhee, MD; Kuldev Singh, MD; Sarah H. Van Tassel, MD; Lorraine M. Provencher, MD; Christopher C. Teng, MD, MBA

SYM-12 Get H.I.P. (High-Impact Pearls in 90 Seconds or Less)

BCEC - Ballroom Level 3, Ballroom West

Sponsored by the ASCRS Cataract Clinical Committee

ON DEMAND

Join your colleagues around the world for 25+ high-impact pearls, each in 90 seconds or less, that you can use in practice next week.

Moderator: Richard Tipperman, MD

Panelists: Mitchell P. Weikert, MD, MS; Brandon D. Ayres, MD; Rosa Braga-Mele, MD, FRCSC; John P. Berdahl, MD; Kendall E. Donaldson, MD; Sumitra S. Khandelwal, MD; Audrey R. Talley Rostov, MD

KERATOREFRACTIVE

SYM-13 Vision Reimagined: Strategies for Refractive Surgery Reoperations and Beyond

BCEC - Ballroom Level 3, Ballroom East

Sponsored by the ASCRS Refractive Surgery Clinical Committee

Delve into the complexities of refractive surgery reoperations with "Vision Reimagined," a symposium dedicated to the intricacies of secondary surgery care. Our focus will be navigating through the necessity for reoperations, ranging from managing unforeseen complications to performing enhancements and addressing subsequent cataract surgeries. Each situation of a secondary procedure brings unique challenges and demands careful consideration. Join us as we dissect the multifaceted approaches to common reoperation scenarios, share innovative techniques, and foster discussions aimed at improving patient outcomes in refractive surgery reoperations.

Moderators: Jennifer M. Loh, MD; William F. Wiley, MD

Speakers: Roger Zaldivar, MD, MBA, MSc; Preeya K. Gupta, MD; Audrey R. Talley Rostov, MD; Kathryn M. Hatch, MD, ABO; Eric D. Donnenfeld, MD, FACS; Daniel H. Chang, MD, ABO; Kendall E. Donaldson, MD

SYM-14 WhatsApp? International Solutions for Common Anterior Segment Dilemmas

BCEC - Meeting Level 2, Room 253AB

ON DEMAND

The combined societies of ASCRS, ALACCSA-R/LASCRS, APACRS, and ESCRS come together and dive into how advancements in technology, further experiences in the operating room and surgical techniques, flourishing innovations, and the evolving environment through the viral pandemic have affected each of our regions, on a granular and a more global scale. Please join us on this unique academic journey of anterior segment surgical journey around the world.

Moderators: Thomas W. Samuelson, MD; William C. De La Peña, MD; Filomena J. Ribeiro, MD, FEBO, PhD; Vance M. Thompson, MD; Ronald Yeoh, MD

Speakers: Burkhard H. Dick, MD, PhD; Thomas Kohnen, MD, PhD; Douglas J. Rhee, MD, ABO; César C. Carriazo, MD; Daniel A. Badoza, MD; Cathleen McCabe, MD; Tun Kuan Yeo, MD; Thanapong Somikrongruj, MD

This 90-minute program will feature four international teams of cataract surgeons competing in a video program highlighting

practical pearls for routine and complicated cataract surgery. Surgeons will present videos in four categories. An international panel of judges will comment after each presentation. The presenters should teach practical pearls that the audience can incorporate into their own surgical armamentarium. The presenters will then receive a rating from each of the judges. At the conclusion of the competition, the audience will vote for the individual Gold Medal winner in each of the four categories, as well as the Gold Medal winning team.

SYMPOSIA

CORNEA

SYM-16 Managing Corneal Refractive Complications

BCEC - Ballroom Level 3, Ballroom West

Sponsored by the ASCRS Cornea Clinical Committee & ASCRS Refractive Surgery Clinical Committee

This symposium will highlight corneal refractive complications and how to best manage these. Various types of case-based complications will be presented, and a panel of experts will share their insights. Cases will focus on what to do when things don't go as planned, how to talk to patients, preop planning, watch outs, and medicolegal ramifications.

Moderators: Marjan Farid, MD; Cathleen M. McCabe, MD

Panelists: William B. Truttler, MD; Audrey R. Talley Rostov, MD; Kathryn M. Hatch, MD; Karolinne M. Rocha, MD, PhD; Ramy Riad Fikry, MD; A. John Kanellopoulos, MD; Ashraf Armia Balamoun, MD, FRCS, MSc, FACS

STL-15 MIGS Part B

BCEC - Meeting Level 1, Room 160ABC

Instructors: Nir Shoham-Hazon, MD; Rahul T. Pandit, MD

3:30-5:00 p.m.

SYMPOSIA

CATARACT

SYM-17 Navigating Real-World Obstacles to Digital Transformation in Your Practice

BCEC - Meeting Level 2, Room 253AB

Sponsored by the ASCRS Digital Clinical Committee

ON DEMAND

New technology can work wonders to improve clinical results and efficiency, but obstacles to progress can be caused by reluctant users, inadequate training, and security and legal

ASCRS PROGRAM SUNDAY, APRIL 7

issues. This symposium will unpack these issues and show how practices can successfully modernize with minimal disruption.

Moderator: John A. Hovanesian, MD

Panelists: Robert J. Weinstock, MD; Ryan G. Smith, MD; Jennifer M. Loh, MD; Robert T. Chang, MD; Tommy Korn, MD; Jason Raylesberg

Speakers: Grayson W. Armstrong, MD, MPH; Mitchell C. Shultz, MD, ABO; Sydney Tyson, MD, MPH; Wes Strickling, BA; Eric D. Rosenberg, DO, MSE

SYM-18 The Perfect Save: Challenging Cases Managed by International Experts

BCEC - Ballroom Level 3, Ballroom East

Sponsored by the International Intra-Ocular Implant Club (IIIC)

ON DEMAND

The International Intra-Ocular Implant Club (IIIC) was founded in 1966 by Sir Harold Ridley, the inventor of the IOL, and is an invitational society devoted to the art and the science of intraocular lens implantation. This symposium will focus on case-based cataract surgery including management of complications, new technology, IOL calculations, and advanced techniques to improve surgical outcomes. The expertise of international leaders in cataract surgery will be highlighted in a case-based program featuring video presentations and will be discussed by a panel of thought leaders in the field of lens-based surgery.

Moderators: Eric D. Donnenfeld, MD; Ronald Yeoh, FRCSEd, FRCOphth

Panelists: Michael C. Knorz, MD; Ruth Lapid-Gortzak, MD, PhD; Warren E. Hill, MD; Elizabeth Yeu, MD

Speakers: Oliver Findl, MBA, MD, FEBO; Douglas D. Koch, MD, ABO, PhD; Nicole R. Fram, MD, ABO; Kerry D. Solomon, MD; Vance M. Thompson, MD; Roberto Zaldívar Sr., MD; Guy Kleinmann, MD; Ramamurthy Dandapani, MD

INSTRUCTIONAL COURSES

CATARACT

IC-225 IOL Power Club Course: Optimized IOL Power Selection

BCEC - Meeting Level 2, Room 253C

Instructor: Giacomo Savini, MD

Co-Instructors: Kenneth J. Hoffer, MD; H. John Shammas, MD; Thomas Olsen, MD, PhD; Filomena J. Ribeiro, MD, FEBO, PhD; Jaime Aramberri, MD

CATARACT

IC-226 Deep Dive Into Improving Cataract Surgery Refractive Outcomes

BCEC - Meeting Level 1, Room 151AB

Instructor: Seth M. Pantanelli, MD, MS

Co-Instructors: David L. Cooke, MD; Mitchell P. Weikert, MD, MS

CORNEA

IC-227 DMEK in Complex Eyes and Difficult Circumstances: Quit or Conquer?

BCEC - Meeting Level 2, Room 258C

Instructor: Lamis Baydoun, MD, PhD, FEBO

Co-Instructors: Ruth Quilendrino, MD; Anas Anbari, MD, PhD; Hazem M. Yassin, MD; Rania M.S. Zaki, MD, FRCSEd; Sadeer B. Hannush, MD

CATARACT

IC-228 Premium IOLs in Imperfect Eyes

BCEC - Meeting Level 2, Room 258B

Instructor: Kavitha R. Sivaraman, MD

Co-Instructor: Michael E. Snyder, MD; Dagny Zhu, MD; Leo Kim, MD, PhD

ASCRS PROGRAM SUNDAY, APRIL 7

CORNEA

IC-229 Cornea Lumps, Bumps, and Bruises

BCEC - Meeting Level 2, Room 258A

Instructor: Sumitra S. Khandelwal, MD

Co-Instructors: Zaina Al-Mohtaseb, MD; Julie Schallhorn, MD; Kourtney H. Houser, MD; Claudia Perez-Straziota, MD

GLAUCOMA

IC-230 MIGS Surgery—Pearls and Pitfalls

BCEC - Meeting Level 1, Room 156AB

Instructor: Carlos Buznego, MD

Co-Instructors: Jason Bacharach, MD; Matthew Brink, MD; Inder P. Singh, MD; Nathan M. Radcliffe, MD

CATARACT

IC-231 Mastering Complex Anterior Segment Surgery: Approach, Instrumentation, Ergonomics, and Techniques

BCEC - Meeting Level 1, Room 153ABC

Instructor: Ike K. Ahmed, MD, FRCSC

Co-Instructors: Ticiana De Francesco, MD; Arsham Sheybani, MD; Manjool M. Shah, MD

KERATOREFRACTIVE

IC-232 Burning Debates in Refractive Surgery

BCEC - Meeting Level 1, Room 157AB

Instructor: Raghav Malik, MD

Co-Instructors: Gaurav Luthra, MS; Mahipal S. Sachdev, MD; Anagha A. Heroor, MS, DOMS, DNB, FCPS, DOMS; Sheetal Brar, MS; D. Ramamurthy, MD

PAPER SESSIONS

SPS-219 Minimally Invasive Glaucoma Surgery (MIGS)

BCEC - Meeting Level 2, Room 259A

SPS-220 Ocular Surface Disease III

BCEC - Meeting Level 2, Room 259B

SPS-221 Cornea Procedures and Outcomes

BCEC - Meeting Level 2, Room 260

SPS-222 Medications (Preoperative, Postoperative, Intraoperative)

BCEC - Meeting Level 2, Room 257A

SPS-223 Cataract IOLs - Monofocal/ Extended Depth of Focus

BCEC - Meeting Level 2, Room 256

SPS-224 IOLs - Trifocal

BCEC - Meeting Level 2, Room 257B

SKILLS TRANSFER LABS

STL-16 Anterior Vitrectomy

BCEC - Meeting Level 1, Room 162AB

Instructor: Gregory S.H. Ogawa, MD

STL-17 Surgical Management of Astigmatism

BCEC - Meeting Level 1, Room 160ABC

Instructors: Jonathan B. Rubenstein, MD; Natalie A. Afshari, MD

5:15-7:00 p.m.

MAIN STAGE

FF-1 ASCRS 42nd Annual Film Festival Ceremony and Reception

BCEC - Exhibit Level, Exhibit Hall C

The 42nd ASCRS Film Festival is one of the most highly anticipated events of the 2024 ASCRS Annual Meeting! Don't miss your opportunity to participate in scientific film history. Winners will be announced during a reception and awards ceremony at the ASCRS Annual Meeting honoring the best filmmakers and film producers in ophthalmology.

42nd ASCRS FILM FESTIVAL

SUNDAY, APRIL 7

Reception begins at 5:15 p.m.
Ceremony begins at 5:45 p.m.

The 42nd ASCRS Film Festival is one of the most highly anticipated events of the 2024 ASCRS Annual Meeting!
Don't miss your opportunity to participate in scientific film history.

The following film categories are included:

.....

New Producer/Young Physician • Cataract Complications • Cataract/Implant Surgery
Glaucoma Surgery • In-House Productions • Instruments and Devices/IOLs
New Techniques • Quality Teaching • Refractive/Cornea Surgery • Special Interest

Winners will be announced during a reception and awards ceremony at the ASCRS Annual Meeting
honoring the best filmmakers and film producers in ophthalmology.

ASCRS PROGRAM MONDAY, APRIL 8

8:00-9:30 a.m. SYMPOSIA

CATARACT

SYM-19 IOL Calculations: What's New? A Lot!

BCEC - Ballroom Level 3, Ballroom East

ON DEMAND

This symposium will cover the many recent advances in IOL calculations, including biometers, formulas for normal and complex eyes, methods to analyze outcomes, and IOLs for complex cases.

Moderators: Douglas D. Koch, MD; Warren E. Hill, MD

Speakers: Mitchell P. Weikert, MD, MS, ABO; Filomena J. Ribeiro, MD, FEBO, PhD; Giacomo Savini, MD; David L. Cooke, MD; Li Wang, MD, PhD; Oliver Findl, MBA, MD, FEBO; Neda Nikpoor, MD, ABO; Ben R. LaHood, MD, PhD

CORNEA

SYM-20 Cornea from A to Z

BCEC - Ballroom Level 3, Ballroom West

Sponsored by the ASCRS Cornea Clinical Committee

ON DEMAND

This symposium will feature a case-based review of the most common corneal pathologies that we see in the office and how to diagnose and manage.

Moderators: Marjan Farid, MD; Francis S. Mah, MD

Panelists: Julie Schallhorn, MD; Naveen K. Rao, MD; Leela Raju, MD; Beeran Meghpara, MD; Kourtney H. Houser, MD; Zachary J. Zavodni, MD

CATARACT

SYM-21 JCRS Symposium: Controversies in Anterior Segment Surgery

BCEC - Meeting Level 2, Room 253AB

ON DEMAND

This symposium will present lively discussion around "Capsulotomy in white intumescent cataracts: Which is best?," "Phaco vs. phaco plus MIGS for early to moderate glaucoma: Where's the data?," "Dropless cataract surgery: controlling postop inflammation;" and "Ectasia risk analysis in corneal refractive surgery: Where do we start?"

Moderators: William J. Dupps Jr., MD, MS, PhD; Sathish Srinivasan, FRCSEd, FRCOphth

INSTRUCTIONAL COURSES

KERATOREFRACTIVE

IC-301 LASIK, PRK, SMILE, ICL: Tips for the Beginner Refractive Surgeon

BCEC - Meeting Level 1, Room 151AB

Instructor: Laura Palazzolo, MD

Co-Instructors: Gaurav Prakash, MD, FRCS; Soosan Jacob, MS, DNB, FRCS; Mayank A. Nanavaty, PhD

ASCRS PROGRAM

MONDAY, APRIL 8

CATARACT

IC-302 Mastering the Posterior Capsule: Thinking Out-of-the-Bag Paradigm Shift

BCEC - Meeting Level 2, Room 253C

Instructor: Lisa B. Arbisser, MD

Co-Instructors: H. Burkhard Dick, MD, PhD; Jason J. Jones, MD; Abhay R. Vasavada, MS, FRCS; Cathleen M. McCabe, MD

CATARACT

IC-303 "I Wish I Wouldn't Have Done That:" a Case-Based Crash Course on Surgical Mistakes and Blunders

BCEC - Meeting Level 2, Room 258C

Instructor: Jack Parker, MD, PhD

Co-Instructors: Robert H. Osher, MD; Michael E. Snyder, MD; David F. Chang, MD; Amar Agarwal, MS, FRCS, FRCOphth; Martin Dirisamer, PhD, MD

CATARACT

IC-304 Save the Iris: How to Manage Iris Tissue in All Situations

BCEC - Meeting Level 2, Room 258A

Instructor: Matteo Forlini, MD

Co-Instructors: Ike K. Ahmed, MD, FRCS; Sergio F. Canabrava, MD; Ashvin Agarwal, MD; Ashraf Armia Balamoun, MD, FRCS, MSc, FACS

CATARACT

IC-305 Middle Segment Surgery: A New Frontier for Anterior Segment Surgeons

BCEC - Meeting Level 1, Room 153ABC

Instructor: Cristos Ifantides, MD, MBA

Co-Instructors: Sadeer B. Hannush, MD; Nicole R. Fram, MD; Brandon D. Ayres, MD; Tanya Trinh, FRANZCO, MBBS; Arturo S. Chayet, MD

CATARACT

IC-306 Advancing Flanged Intraclear Haptic Fixation: Key Concepts, Barriers, and Refinements

BCEC - Meeting Level 2, Room 258B

Instructor: D. Brian Kim, MD

Co-Instructors: Ahmed H. Assaf, MD, PhD, FRCSEd; Steven G. Safran, MD; Mitchell P. Weikert, MD, MS; Kamran M. Riaz, MD

CATARACT

IC-307 Preoperative Massive Biofilm and MGD Management Boosts Refractive Cataract Adoption Over Traditional Lens Surgery

BCEC - Meeting Level 1, Room 156AB

Instructor: Matteo Piovello, MD

Co-Instructors: Barbara Kusa, MD; Eric D. Donnenfeld, MD; Roger Zaldivar, MD, MBA, MSc; Cynthia Matossian, MD; Marguerite B. McDonald, MD

CATARACT

IC-330 Eye and Contact Lens Association Symposium: Optimizing IOL Power Calculations in Challenging Cases

BCEC - Meeting Level 1, Room 157AB

Instructors: Christina R. Prescott, MD, PhD; Deepinder K. Dhaliwal, MD

Co-Instructors: Divya Srikumaran, MD; Ellen H. Koo, MD; Soon-Phaik Chee, FRCSEd, FRCOphth; Tushar Agarwal, MD

PAPER SESSIONS

SPS-301 Pediatric

BCEC - Meeting Level 2, Room 260

SPS-302 Non-Clinical

BCEC - Meeting Level 2, Room 257A

SPS-303 Ocular Surface Disease

BCEC - Meeting Level 2, Room 259B

SPS-304 Corneal Diagnostics and Studies

BCEC - Meeting Level 2, Room 259A

SPS-305 Corneal Diagnostics and Studies II

BCEC - Meeting Level 2, Room 257B

SPS-306 Devices and Instruments

BCEC - Meeting Level 2, Room 256

IC-315 Stage It or Combine It? Approaches to Complex Eyes With Lens, Corneal, and/or Retinal Pathology

BCEC - Meeting Level 2, Room 258A

Instructor: Kourtney H. Houser, MD

Co-Instructors: Sumitra S. Khandelwal, MD; Abhay R. Vasavada, MS, FRCS; Gregory S.H. Ogawa, MD; Michael E. Snyder, MD; Brandon D. Ayres, MD

10:00-11:45 a.m.

SYMPOSIA

CATARACT

MS-6 Having “The Talk”

BCEC - Ballroom Level 3, Ballroom West

Sponsored by the ASCRS Cataract Clinical Committee

ON DEMAND

Most of the challenges clinicians experience with presbyopia-correcting and advanced-technology IOLs are not surgical but rather how to educate, counsel, and manage patients in an efficient manner on a variety of topics, including appropriate expectations, technology tradeoffs, and out-of-pocket costs. In other words, how to have “The Talk.” In this symposium, seasoned physicians will share their personal experiences and strategies with regard to office management and patient counseling so that “The Talk” can be as effective and efficient as

possible. A focus will be on “real-world” approaches that you can incorporate into your practice next week.

Moderator: Richard Tipperman, MD

Panelists: Daniel H. Chang, MD; Eric D. Donnenfeld, MD; Steven J. Dell, MD; Nicole R. Fram, MD; Alice T. Epitropoulos, MD, FACS; Kendall E. Donaldson, MD; Elizabeth Yeu, MD

Speakers: David F. Chang, MD, ABO; Cathleen M. McCabe, MD; Vance Thompson, MD; Patti Barkey, COE

1:30-3:00 p.m.

SYMPOSIA

SYM-23 BEST VIDEOS EVER! PART 2

BCEC - Meeting Level 2, Room 253AB

ON DEMAND

As the Editor of the Video Journal of Cataract, Refractive, and Glaucoma Surgery, Robert Osher, MD, has compiled exceptional and fascinating videos from the past 40 years.

Moderator: Robert H. Osher, MD

Panelists: David F. Chang, MD; Douglas D. Koch, MD; Richard L. Lindstrom, MD

CELEBRATING

50

YEARS OF ASCRS

Be inspired by history and part of defining the future throughout the **2024 ASCRS Annual Meeting** and at the 50th anniversary celebration activities.

Friday in the Exhibit Hall:

Have a slice of cake at the 50th anniversary cake cutting 12:15–12:30 p.m.

Friday on the Main Stage:

Take a look back at the rich history of ASCRS and honor the leaders and award winners.

Party Like It's 1974:

Relive 1974 with a band, 70's attire, and fun at Friday's ASCRS ASOA Party for a Purpose.

ASCRS Time Machine:

Step back into a practice from 1974, the year ASCRS was founded. Find this on the Exhibit Hall floor.

ASOA PROGRAM

GENERAL INFORMATION

American Society of Ophthalmic Administrators (ASOA) Program

ASOA empowers ophthalmic leaders to elevate the business of ophthalmology through education, innovation, support, and collaboration. This year, ASOA offers more than 80 educational courses covering an array of topics essential to effective practice management. These topics include coding and billing, leadership and strategic management, human resources, technology, marketing, business operations, and many other strategies for successful practice management. This program lists courses by day, time, and knowledge pathway, allowing attendees to easily navigate the programming options available within each time block.

ASOA Networking and Engagement Lounge

Sponsored by CodexIT

FRIDAY, APRIL 5—MONDAY, APRIL, 8

Room: 205ABC

Plan your day, network with colleagues, get recharged, and enjoy light refreshments.

Hours of Operation

Friday, April 5 | 12:00–4:30 p.m.

Saturday, April 6 | 9:30 a.m.–6:00 p.m.

Sunday, April 7 | 8:00 a.m.–4:30 p.m.

Monday, April 8 | 8:00 a.m.–4:30 p.m.

Handouts

Course handouts for the ASOA Annual Meeting are provided via the ASCRS ASOA Meetings app. Printing of handouts will not be available onsite.

Flagged Courses

Select ASOA practice management courses have been identified as being especially relevant for the following categories and are marked as such:

MD BUSINESS ESSENTIALS **MDBE**

ASOA courses recommended for physicians that provide essential business management education.

ASOA ESSENTIALS **Essentials**

ASOA courses recommended for all skill levels. These courses provide a foundation in the fundamentals of ophthalmic practice management.

ADVANCED ADMIN **Advanced**

ASOA courses recommended for those with 10+ years' experience looking to further their professional education.

MID-LEVEL MANAGER **MLM**

ASOA courses recommended for those that are currently or seeking to become mid-level managers.

ABC ENDORSED **ABC**

ASOA courses endorsed by the Administrator Beginners Circle (ABC). These courses have been identified as the best content for attendees with four or fewer years of practice management experience.

All ASOA practice management courses are designated for COE and CME credit.

4:40–4:55 p.m.	NextGen Healthcare	Thea Pharma, Inc.
5:05–5:20 p.m.	EyeMD EMR Healthcare Systems, Inc.	Sight Sciences

Friday, April 5 | 4:00–5:30 p.m.
**VENDOR SHOWCASE
RECEPTION**

Your problems, their solutions. Come hear from vendors, and the practice managers who use their products, to find out how they can help you streamline your practice.

Saturday, April 6 | 5:00–6:00 p.m.
**HAPPY HOUR
WITH EXHIBITORS**

Stop by for complimentary beverages with the ASOA exhibitors and learn more about the products and services they provide.

Sunday, April 7 | 9:45–10:45 a.m.
Monday, April 8 | 9:45–10:45 a.m.
CAMPFIRE SESSIONS

A cross between roundtables and practice management courses, campfire sessions will feature a moderator who will kick off the session with a short presentation on a specific topic then pivot to an organic conversation with the attendees.

TECHNICIANS & NURSES PROGRAM

*Sponsored by the International Joint Commission on
Allied Health Personnel in Ophthalmology (IJCAHPO)*

TECHNICIANS & NURSES PROGRAM

GENERAL INFORMATION

The International Joint Commission on Allied Health Personnel in Ophthalmology (IJCAHPO) is pleased to sponsor the Technicians & Nurses Program. IJCAHPO is the international certifying agency for allied ophthalmic personnel. Certification is available at three levels: assistant, technician, and medical technologist, along with subspecialty certifications available for surgical assisting, ultrasound biometrist, diagnostic sonographer, scribe certification, and corporate assistant.

For the Technician & Nurses Program, attendees do not register for each course independently. They can choose to attend individual courses from either of the two sessions each day. There are no individual tickets sold for courses; an attendee's badge allows access to any of the courses in this two-track program.

Handouts

A link to available handouts for the Technicians & Nurses Program will be provided to registrants by IJCAHPO.

Continuing Education Credit

All courses in the Technicians & Nurses Program have been approved for IJCAHPO credits. Select courses are approved for CA BRN credit. A maximum of 16 IJCAHPO credits are available for this in-person program.

Provider approved by the California Board of Registered Nursing, Provider Number 13516, for 21 contact hours.

This program is sponsored by

SCHEDULE AT A GLANCE

	FRIDAY, APRIL 5		SATURDAY, APRIL 6
	1O2AB	1O4ABC	1O2AB
8:30–9:30 a.m.	8:00–11:00 a.m. Biometry Learning Lab Session I		TN-202 Everything a Cataract-Refractive Technician Needs to Know About Retina
9:45–10:45 a.m.			TN-204 Retina Imaging for the Anterior Segment Practice
11:00 a.m.–12:00 p.m.			TN-206 Intraocular Tumor Update
12:15–1:15 p.m.	1:00–4:00 p.m. Biometry Learning Lab Session I	TN-101 Avoiding the Top Deficiencies in Ophthalmic ASCs	
1:30–2:30 p.m.		TN-102 Ocular Motility	TN-208 Grand Rounds Mystery Retina 2024
2:45–3:45 p.m.		TN-103 Clinical Accuracy and Efficiency: You Can Have Your Cake and Eat It, Too!	TN-210 Getting Modifiers Right
4:00–5:00 p.m.		TN-104 Update on Femtosecond Cataract Surgery	TN-212 What it Takes to Become a Super Tech

SUNDAY, APRIL 7		
104ABC	102AB	104ABC
TN-201 Adenovirus, Herpes Simplex, and Herpes Zoster Anterior Segment Disease	TN-302 Sterile Processing: Best Practices in the Care and Handling of Ophthalmic Instruments	TN- 301 Corneal Imaging
TN-203 Documentation Trivia	TN-304 Patient Education—Getting Ready for Surgery	TN-303 Dreaded Muscles!
TN-205 Anterior Segment OCT Imaging	TN-306 ASC Compliance in 2024	TN-305 Refraction for AOP
TN-207 What's New in Pharmacology	TN-308 Care and Handling of Hazardous Drugs in the ASC	TN-307 Slit Lamp Examination
TN-209 Inside Out: Corneal Surgical Procedures	TN-310 In Your Lane: Infection Prevention and Control Best Practices	TN-309 Document! Document! Document!
TN-211 Refractive Cataract Surgery: Meet Patient Expectations With Advanced Biometry	TN-312 Let Data Do the Driving: Quality Assurance and Performance Improvement (QAPI)	TN-311 Coding and Chart Documentation—You Can't Have One Without the Other

OPTIONAL PROGRAMS* FRIDAY, APRIL 5

ASCRS AND IJCAHPO BIOMETRY LEARNING LABS

8:00–11:00 a.m.

Session 1

Room: 102AB

ASCRS
ANNUAL MEETING
APRIL 5-8, 2024 | BOSTON, MA

ASCRS EXHIBIT HALL

Visit the world-class **ASCRS Exhibit Hall**, featuring products and services from more than 250 companies. The Exhibit Hall will be located in Halls A & B at the Boston Convention & Exhibition Center.

FEATURING:

The **ASCRS Tap Room** will return as a popular gathering spot for networking, socializing, and non-CME learning opportunities.

Join us for **complimentary box lunches** in the Exhibit Hall on Friday, April 5, from 12:00–1:00 p.m., Saturday, April 6, and Sunday, April 7, from 11:30 a.m.–1:00 p.m. Grab a bite while networking with industry and colleagues.

Feed your mind, body, and soul with daily activities at the **Wellness Lounge** located in Hall B.

Visit the **Headshot Lounge** in Hall A to receive your complimentary headshot by a professional photographer.

Visit the **ASCRS Time Machine** and step back into a practice from 1974, the year ASCRS was founded.

HOURS

Friday, April 5
12:00 p.m.–5:00 p.m.

Saturday, April 6
9:00 a.m.–5:00 p.m.

Sunday, April 7
9:00 a.m.–5:00 p.m.

Monday, April 8
9:00 a.m.–12:00 p.m.

EXHIBITOR LISTING

NEW	BOOTH	COMPANY NAME	COMPANY DESCRIPTION
	571	2Eyes Vision	2EyesVision is a start-up specialized in the creation, development, and commercialization of innovative ophthalmic technologies. Our primary focus is on presbyopia and cataracts. SimVis Gekko, a visual simulator, is our first flagship product.
	365	Aaren Scientific	Aaren Scientific was founded in 1990 with the goal of developing the most scientifically advanced intraocular lenses (IOLs) and surgical products available for the ophthalmic industry. A pioneer in the use of computer-controlled manufacturing of IOLs, Aaren continues to develop and maintain a record of achievement and reputation for excellence.
	2616	AdvancedMD	AdvancedMD offers comprehensive medical office software for independent ophthalmologists that delivers industry-leading patient outcomes, integrated workflows, and outstanding financial performance. Get a unified and cloud-based suite for practice management, billing, electronic health records, telemedicine, patient relationship management, and business analytics reporting.
	747	Alcon	Alcon helps people see brilliantly. As the global leader in eye care, we offer the broadest portfolio of Surgical and Vision Care products and serve more than 260 million people in over 140 countries living with conditions like cataracts, glaucoma, retinal diseases, and refractive errors. Learn more at www.alcon.com .
	1049	AbbVie	AbbVie has dedicated 75 years to advancing eye care, launching 125+ products for prevalent eye conditions. We continue our commitment to helping ECPs deliver superior patient care through R&D, outreach programs, and educational support.
	2576	Ally Lending	As a relentless ally for well-being, we're committed to offering providers with a consistent program, unwavering support, and a stable product offering. Our healthcare financing solutions give your patients the option to pay overtime for care and treatments they want or need, while you get paid up front.
	653	Alphaeon Credit	Marking our 10th anniversary, Alphaeon Credit has grown to be a trusted partner for practices like yours seeking to increase case acceptance rates and provide a better experience for practices and patients alike. Exclusively for dentists, dermatologists, ophthalmologists, and plastic surgeons.
	439	American Academy of Ophthalmology	The American Academy of Ophthalmology is the world's largest association of eye physicians and surgeons. We protect sight and empower lives by setting the standards for ophthalmic education, advocating for our patients and the public, and innovating to advance our profession to ensure the delivery of the highest-quality eye care.

EXHIBITOR LISTING

NEW	BOOTH	COMPANY NAME	COMPANY DESCRIPTION
	1536	American Vision Partners	AVP partners with the most respected ophthalmology practices in the country and share a best-in-class management system, infrastructure and technology to provide the highest-quality patient care. We serve communities throughout Arizona, New Mexico, Nevada, Texas, and California, with more than 180 doctors and 120 locations.
	2711	AMGEN	Amgen is committed to unlocking the potential of biology for patients suffering from serious illnesses by discovering, developing, manufacturing, and delivering innovative human therapeutics. A biotechnology pioneer since 1980, Amgen has reached millions of patients around the world and is developing a pipeline of medicines with breakaway potential.
NEW	1519	Anetic Aid USA	Anetic Aid's new State-of-the Art Ophthalmic Stretcher ensures efficiency, rapid turnover, and heightened safety for patients and staff. With unmatched surgical clearance, dual articulating headpiece, extreme low height, "Goldie-locks" width, and powered controls, it's a must-have for streamlined ophthalmic procedures.
	336	Anodyne Surgical	Anodyne offers a full range of products for cataract surgery, lacrimal procedures, and retinal surgery: ophthalmic cannulas, speculums, handheld instruments, disposable knives, diamond knives, and PVA. As the world's first MDR true manufacture of disposable cannulas located in the U.S. since 1981, we manufacture products with quality, innovation, and responsiveness.
	1271	Appasamy Associates Private Limited	Appasamy Associates have been leading manufacturers of Ophthalmic Diagnostic & Surgical Equipment, Ophthalmic Lasers, Intraocular Lens, Surgical Instruments, Ophthalmic Viscoelastic Devices, and Ophthalmic Pharmaceuticals. Our various manufacturing facilities have been certified for EN ISO 13485 requirements. The certifications bodies have also provided CE marking for various products manufactured by us.
	470	AST Products, Inc.	
	2617	Astellas Pharma Inc.	Astellas is a pharmaceutical company dedicated to improving the health of people around the world through the provision of innovative and reliable pharmaceutical products.
	1895	Aurolab	Aurolab, based in southern part of India, is an integral part of the Aravind Eye Care System. It manufactures a wide range of high-quality ophthalmic consumables such as intraocular lenses, surgical sutures, pharmaceutical products, surgical blades, and equipments.

EXHIBITOR LISTING

NEW	BOOTH	COMPANY NAME	COMPANY DESCRIPTION
	2375	Aurora Surgical LLC	Aurora Surgical offers QUALITY INSTRUMENTS AT AFFORDABLE PRICES! Aurora sells Speculums, Retractors, Fixation Rings, Calipers, Rulers, Gauges, Markers, Refractive instruments, Blade Breakers, Holders, Burrs, Spuds, Trephines, Knives, Forceps, Manipulators, Hooks, Choppers, Spatulas, Nucleus Crackers, Pre-choppers, I/A, Bi-Manual Handpieces & Tips, Needle Holders, Scissors, Cannulas, Probes, Depressors, Punches, and More!
	1455	Avellino	Powered by artificial intelligence and machine learning, our genetic discovery engine drives groundbreaking healthcare innovations.
	1025	Bausch + Lomb	Bausch + Lomb is dedicated to protecting and enhancing the gift of sight for people all over the world—from birth through every phase of life.
	1885	BELKIN Vision	BELKIN Vision is a medical device company established in 2013 that is committed to bringing accessible first-line glaucoma care to all with Direct Selective Laser Trabeculoplasty (DSLTL), an automated glaucoma laser for all ophthalmologists who in turn can offer optimized glaucoma care closer to the point of diagnosis.
NEW	2995	BELL OPHTHALMIC TECHNOLOGY	
	1523	Beyeonics vision	
	561	Bioniko	Perfect your skills, try a new device, assess the competency of your residents with BIONIKO's surgical models. Find models for all skills levels and all specialties manufactured with bioengineered materials and anatomical proportions for maximum realism. Stress free for you, safe for your patients.
	2787	BioTissue	BioTissue is the proven industry leader for regenerative therapies in ophthalmology. BioTissue manufactures the only cryopreserved amniotic membrane, Prokera® and AmnioGraft®, that is FDA designated for anti-inflammation, anti-scarring, and anti-angiogenesis. BioTissue also manufactures AmnioGuard®, which is derived by umbilical cord and commonly used by oculoplastic and glaucoma surgeons.
	1884	BlephEx	
	2794	Brazilian Association of Cataract and Refractive Surgery	BRASCRS aims to gather ophthalmologists, expand the study and monitor technical and scientific developments inherent to cataract surgery, intraocular implants and refractive surgery, for the benefit of ophthalmologists and the community.
	537	Brevium	Brevium mines patient appointment data and uses communication best practices to return inactive patients to the office and keep active patients coming back, thus improving patient care, filling practice schedules, and increasing revenue.

EXHIBITOR LISTING

NEW	BOOTH	COMPANY NAME	COMPANY DESCRIPTION
NEW	1253	Brightstar Therapeutics	Brightstar Therapeutics is a biotechnology company focused on providing innovative treatment options that improve clinical outcomes and quality of life for people living with corneal and ocular surface diseases. Brightstar Therapeutics is the first company to offer its advanced corneal allograft, BrightMEM™.
NEW	1444	Brill International S.L.	Brill is a leading ophthalmic company focused in R&D of new technologies in the ophthalmic area to cover unmet medical needs. Company with presence in the U.S. through its affiliate. Brill is launching its newest device, the Corneal Esthesiometer Brill, to assess corneal sensitivity (FDA approved) and available to purchase.

	2607	Clearwave Corporation	Clearwave is the Patient Revenue Platform for High-Growth Practices enabling them to increase revenue and point-of-service collections while accelerating patient acquisition and retention with support from an unsurpassed client-partner relationship through clearwaveCARE. Clearwave streamlines patient registration, intake and self-scheduling, automates communications, and creates financial transparency through real-time, automated insurance verification.
NEW	1350	Cloudbreak Pharma	Cloudbreak Pharma is advancing a pipeline of wholly-owned candidates that address a number of ocular diseases with high unmet need. The lead candidate is CBT-001, which is currently in Phase 3 clinical trials to be evaluated for the treatment of pterygium.
	570	codexIT	CodexIT has been providing Technology Support, Solutions & Integration to the Eye Care industry since 2004. We support and manage your IT infrastructure like a traditional IT firm would, but we also support Eye Care-specific technology, including EHR, Practice Management, Diagnostic Equipment, and Review Software.
	2983	CoFi	

EXHIBITOR LISTING

NEW	BOOTH	COMPANY NAME	COMPANY DESCRIPTION
NEW	2477	Comprehensive EyeCare Partners	Comprehensive EyeCare Partners (CompEye) is a physician-led ophthalmic management service organization (MSO) that offers managerial support including: financial planning and analysis; regulatory services such as compliance, legal, and human resources; operational support and practice growth, including recruitment and marketing services to ophthalmic practices.
	865	Compulink Healthcare Solutions	The leader in all-in-one EHR and Practice Management software for ophthalmology for more than 38 years, Compulink saves time and improves practice performance. Compulink's Ophthalmology Advantage™ suite of solutions includes patient engagement, ASC software, optical, 150+ ophthalmic equipment interfaces, analytics, e-commerce, and RCM.
	1365	CorneaGen	CorneaGen is transforming how corneal surgeons treat and care for the cornea. From new medical devices, biologic, therapeutics, and interventions, CorneaGen supports corneal surgeons and their patients with the delivery of the highest-quality tissue, surgeon education, and advocacy for patient access and reimbursement policies.
	2701	CorNeat Vision	CorNeat Vision is a medical device company developing and marketing novel, permanent and tissue-integrating implants. Our platform material technology, CorNeat EverMatrix™, overcomes the main issue with implants and implantables—the foreign body response they trigger. The EverMatrix™ seamlessly and permanently embeds with live tissue without triggering an inflammatory response.
	1017	Corza/Katena	Corza Ophthalmology, a business unit of Corza Medical, is dedicated to vision care globally. Our portfolio includes Katena, Sharpoint, Asico, Blink, Barron, AmbioDisk, EagleVision, and Rhein.
	354	Crestpoint Management Ltd	
	2377	CSI Dry Eye	CSI Dry Eye is an innovative state-of-the-art software that combines machine-learning and complex evidence-based algorithms to determine the root cause behind dry eye disease. The system identifies patterns of abnormalities that can guide doctors in developing an appropriate treatment plan for their patients. We hope to solve dry eye permanently.
NEW	1537	CSO srl	CSO Srl is a leading manufacturer of high-technology ophthalmic instruments including Anterior Segment OCT, Topographers, Aberrometers, Digital Slit Lamps, Specular Microscopes, Digital Imaging Systems, Tonometers. CSO products are available through a world-class global distribution network.

EyeSeek

During the 2024 ASCRS Annual Meeting, we invite you to participate in EyeSeek, the mobile game to win airline credits for you to use for future travel destinations.

Attendees must visit all participating exhibitors and additional EyeSeek locations in the Exhibit Hall from Friday, April 5, to Monday, April 8, and scan the QR codes at each booth.

Once you scan all the participating exhibitors and additional EyeSeek locations QR codes, you will automatically be **entered to win one of three \$500 airline credit gift cards.**

Winners will be announced via an email from the ASCRS Exhibits Team (exhibits@ascrs.org) by **April 17, 2024.** The \$500 gift cards will be electronically sent to the winners.

To **view a list of participating exhibitors and additional EyeSeek locations**, please visit the “EyeSeek” section of the ASCRS ASOA Annual Meeting app!

HOW TO PLAY

1

Visit all participating exhibitors' booths and additional EyeSeek locations in the Exhibit Hall.

2

Scan the QR code using the ASCRS ASOA Meeting app at their booth for points.

3

Once you have visited all participating booths and locations, you will automatically be entered into the drawing to win one of three **airline credit gift cards (\$500 value).**

ELIGIBILITY

Entries must be submitted using the ASCRS ASOA Meeting app; no paper entries will be accepted. For full Rules & Terms, visit <https://annualmeeting.ascrs.org/plan-your-trip/eyesseek>.

WHO CAN PLAY?

All registered attendees, except for press and guests, are eligible to win. ASCRS ASOA staff, vendors, and exhibitors are NOT eligible to win prizes.

ASCRS EXHIBIT HALL
