Dear Exhibitor,

The American Society of Cataract and Refractive Surgery (ASCRS) and the American Society of Ophthalmic Administrators (ASOA) invite you to participate in the ASCRS and ASOA Annual Meeting, taking place May 15-19, 2020 in Boston, Massachusetts. The largest U.S. meeting dedicated exclusively to the needs of anterior segment surgeons, and their technical and practice management staff, this meeting provides unique opportunities for you to build relationships with key stakeholders who can help you achieve your marketing objectives.

In addition, we invite you to participate in the one-day ASCRS Subspecialty Day exhibit hall, being held on Friday, May 15, 2020.

This exhibit hall – which is open to all attendees of ASCRS Glaucoma Day and ASCRS Refractive Day – offers a unique opportunity for exhibitors to connect with an essential target market for your company’s products and services. These one-day educational programs attracted a combined total of over 2,300 ophthalmologists and healthcare professionals in 2019.

Also, the World Cornea Congress VIII will have a 2-day dedicated exhibit hall offering exhibitors access to a projected physician attendance of more than 1,500.

The Cornea Society sponsors the World Cornea Congress, which is held approximately every 5 years and highlights the progress that has been made in both clinical and research endeavors of the international corneal community. This 2-day meeting, beginning on Thursday, May 14 will include invited speakers and paper presentations, interactive programming, networking opportunities, and surgical wet labs. There will also be a poster session each day and a dedicated World Cornea Congress VIII exhibit hall. The most recent meeting, World Cornea Congress VII, was held in San Diego in 2015.

Thank you for your commitment and dedication to ASCRS and ASOA. We appreciate all the hard work, time and effort you put into our meeting. It is our goal to continue to strive for excellence and to provide you with a spectacular meeting experience.

We look forward to seeing you in Boston!

ASCRS TAP ROOM
According to ASCRS research*, the two words most often used to describe the ASCRS Annual Meeting are “innovation” and “fun.” The ASCRS Tap Room strategically brings the two together to enhance the meeting experience for both attendees and exhibitors.

The ASCRS Tap Room offers a forum where attendees can grab a drink, learn about the latest technologies, devices, products and services, and network with friends and colleagues. Participating companies will have forty-five minute segment(s) to share information with attendees and engage in a facilitated Q&A session. Purposefully placed within the exhibit hall, the ASCRS Tap Room provides participating companies the opportunity to present corporate perspectives within a comfortable, welcoming environment – a place anterior segment surgeons call home.

TOUR OF EXCELLENCE
The ASCRS Annual Meeting consistently boasts a world-class exhibit hall featuring companies dedicated to meeting the needs of anterior segment surgical practices. The meeting also consistently draws nearly one thousand residents, fellows and physicians in their first five years of practice. ASCRS and ASOA recognize that connecting these future ophthalmic leaders with the companies driving technology will help expand clinical knowledge, improve clinical skills and ultimately enhance patient care.

New in 2020, ASCRS will host the Tour of Excellence. Ophthalmic program directors will guide young physicians through the exhibit hall and facilitate introductions on the exhibit hall floor with companies participating in The Thriving Practice. Program directors will receive brief backgrounders provided by each participating company featuring highlights to incorporate into introductory remarks.

These guided tours offer participating companies the opportunity to connect with current and emerging ophthalmic leaders, showcasing premier technologies and building relationships with this important audience.

EXHIBIT BOOTH SPACE ASSIGNMENT
The ASCRS exhibits are an extension of the continuing education program. To be accepted by ASCRS, the products and services should be related to the ophthalmic or medical administrative fields.

Booth placement is prioritized using a point system and assigned during a scheduled phone call between the exhibits manager and the designated booth contact for each exhibiting company. Companies with the greatest number of points are assigned first, progressing to companies with the fewest amount of points.

Points are accrued through a variety of opportunities extended by ASCRS. See next page for details.

Prior to booth assignments, exhibiting companies will be evaluated according to points earned. An email will be sent out to all exhibiting companies from the previous year detailing total points earned for the following year.

In order for an exhibiting company’s accrued priority points to be applied to space selection standings, the exhibiting company must submit the completed space application to ASCRS by the published deadline.

The exhibit booth space application will be considered complete when it has been signed by the appropriate authorized personnel and the 50% deposit amount received by the published deadline date.

An additional 200 priority points will be allotted toward the 2020 Annual Meeting booth space selection standings if full payment is received with your exhibit space application by deadline.

Applications received on or after the deadline will be processed once space selection assignments have taken place. These booths will be assigned based on availability and priority points will not be considered.

CONFIGURATION OF EXHIBIT HALL
ASCRS reserves the right to reconfigure the exhibit hall floor plan and reassign any exhibiting company at any time. EAC & LABOR BADGING

The BCEC uses the ESCA badging system. All labor and EACs must check in at the service entrance and present their ESCA badge to gain access to the building and exhibit hall. If labor does not have an ESCA badge, they can obtain a sticker each day by showing proper photo ID. Show management security and BCEC public safety officers will stop anyone not badged correctly and ask them to vacate the premises.

Wristbands will be given to EACs and Labor at the designated check in desk, during move-in and move-out and will only be given to EACs if ASCRS has received notice of intent to use an EAC along with a valid certificate of insurance (COI) from the EAC.

We have provided these definitions to acquaint you with specific guidelines for labor. If you have any questions once you have read this, please address them to Show Management or to Freeman directly.

The unpacking, erection, assembling, dismantling, and packing of displays and equipment may be done by full-time employees of an exhibiting company. Arrangements for all temporary labor should be made through the official service contractor. Official labor order forms are included in the exhibitor service manual.

**MATERIAL HANDLING**

Work rules require that the official material handling contractor off-load all equipment and display material from commercial carriers/common carriers or van lines. The use of fork trucks, pallet jacks and lift gates are permitted only by personnel of the official material handling contractor. Exhibitors are allowed to perform their own material handling, provided they meet all of the following criteria:

Personnel performing the work must be bonafide, full-time company employees of the exhibiting company.

They must be off-loading from a company owned truck or rental vehicle, or from a car, van or truck owned by personnel of the exhibiting company. All trucks, including co-owned or rental vehicles, over 24’ in length will be off-loaded or loaded by the official material handling contractor.

EXHIBITOR BOOTH MARKETING GUIDELINES

• Keep in mind these guidelines when posting about the Annual Meeting.
• Non-flash photography is allowed for personal, social or non-commercial use.

• Exhibitors taking photos must do so in a manner that does not disturb the presenter or other attendees.
• Sharing slides that feature patient faces or other identifiable information is prohibited.

Video recording, live audio and/or video streaming is strictly prohibited. Failure to comply with this policy may result in being removed from the session and/or meeting.

EXHIBITOR PRESS RELEASES
Exhibitors may issue press releases regarding their products, data or other proprietary information available in the exhibit hall. They may also reference the fact that they are exhibiting at the ASCRS Annual Meeting and that sessions at the meeting will provide additional data or information about their products or services. However, no company shall describe the presentation of data or information at the meeting in such a way as to imply an endorsement by ASCRS.

Specifically, words such as “featured” or “showcased” must be avoided. Furthermore, no company shall issue a press release listing, by name, any official ASCRS meeting content, programming, educational sessions or other presentations.

Any press release referencing an exhibitor’s participation in the meeting must also include the following disclaimer: “All educational content of the ASCRS Annual Meeting is planned by its program committee, and ASCRS does not endorse, promote, approve, or recommend the use of any products, devices, or services.”
EXHIBIT BOOTH GIVEAWAYS
Items that will be used only by internal staff of the exhibiting company (and therefore not given away) are exempt from this policy.

Exhibiting companies may distribute descriptive product literature and samples of their listed products to each booth visitor.

Where permitted by law, it is appropriate for companies to offer items that are not of substantial value ($100 or less) and do not have value to healthcare professionals outside of their professional responsibilities. For example, an anatomical model for use in the examination room is intended for the education of patients and would be acceptable.

Potential giveaway items must be designed primarily for the education of patients or healthcare professionals.

Potential giveaway items may not duplicate items ASCRS supplies with the support or promotional fees paid to ASCRS by a corporate supporter or advertiser. These items include but are not limited to: lanyards, tote bags made of an enduring material, and bottled water.

Exhibiting companies may wish to place giveaway items from their booth in a bag. Because our attendee tote bags are a sponsored item, you are required to follow the guidelines below.

1. A product sample of the bag is required to be submitted to ASCRS for prior approval.
2. The bag is required to be plastic or paper only.
Failure to provide a sample by the deadline – provided below – may preclude the exhibitor from providing a giveaway. All giveaway items must be pre-approved by the exhibits manager or will be confiscated on the show floor and not returned.

Prescription drug samples may be distributed to ophthalmologists only in accordance with the Prescription Drug Marketing Act.

Distribution of approved items must not create a nuisance or cause interference with adjoining exhibitors.

For those companies that follow the Pharmaceutical Research and Manufacturers of America’s (PhRMA) Code and/or the Advanced Medical Technology Association (AdvaMed) Code, giveaways permitted for the Annual Meeting are those designed primarily for the education of patients or healthcare professionals. It is the sole responsibility of the exhibiting company to abide by the guidelines set forth by PhRMA and AdvaMed Codes.

ASCRS, at its sole discretion, shall have the right to prohibit the distribution of any item it deems objectionable or otherwise inappropriate.

You are required to gain approval for your giveaway.
Please submit a picture and short description of the items to the Exhibit Manager, at exhibits@ascrs.org by May 1, 2020.

POLICY ENFORCEMENT
Any unapproved Annual Meeting marketing and/or advertising carries with it the possibility of penalties to be assigned at the discretion of ASCRS. GENERAL RULES & REGULATIONS

1. These rules and regulations constitute an essential part of the contract for the exhibit space. During the Annual Meeting, the American Society of Cataract and Refractive Surgery (ASCRS) and the American Society of Ophthalmic Administrators (ASOA) reserve the right to render all interpretations and to establish further regulations as may be deemed necessary for the general success of the exhibition.

2. ASCRS reserves the right to decline, prohibit, or expel an exhibit which, in its judgment, is out of keeping with the character of the exhibition, this reservation being all inclusive as to the persons, things, printed matter, product, conduct, etc. Should the exhibit be expelled, space payments will not be refunded.

3. Exhibitors shall be bound by all pertinent laws, codes, and regulations of municipal or other authorities having jurisdiction over the exhibit facility or the conducting of said exhibit, together with the rules and regulations of the owners and/or operators of the facility in which the exhibition is held.

4. It is agreed that if the exhibitor fails to comply in any respect with the terms of the agreement, then ASCRS shall have the right, without notice to the exhibitor, to sell or offer for sale the exhibit space covered by this contract. Said exhibitor will be liable for any deficiency, loss, or damage suffered by the exhibit by reason of the premises stated, which loss or damage the exhibitor agrees to pay the exhibition upon demand together with reasonable expenses and costs incurred by reason thereof.

5. It is further agreed that actual occupation of the exhibit space by an exhibit is of the essence thereof, and that should the exhibition be unable to affect the sale of the space as herein provided, the exhibition is then expressly authorized to occupy or cause said space to be occupied in such a manner as it may deem in the best interest of the exhibition, without any rebate or allowance whatsoever to the exhibitor and without in any way releasing said exhibitor from any liability hereunder, and said exhibitor expressly agrees to pay the exhibition the full sum herein set forth.

6. ASCRS shall have full power in the interpretation and enforcement of all rules and regulations contained herein and the power to make such amendments thereto, and such further rules and regulations as it shall consider necessary for the proper conduct and success of the exhibition.

7. I understand that by providing my mailing address, email address, telephone number and fax number, I consent to receive communications sent by or on behalf of ASCRS (and their subsidiaries and affiliates) via regular mail, email, telephone or fax. I understand that ASCRS may share my address/email/telephone/fax with other organizations.

VIOLATIONS
Specific actions may be taken by ASCRS for violation of any provision of these guidelines. Violations of any ASCRS policies, guidelines, rules or regulations may result in the loss of priority points for future space assignments and/or immediate removal from the exhibit hall and/or denial of exhibit space at future meetings. The action taken will be determined on the basis of the particular circumstances of the violations, but in cases involving major violations, may include legal action.

PRIORITY POINTS
ASCRS has the discretion to reduce an exhibitor's accrued priority points based on past inappropriate conduct by the applicant (including but not limited to failure to comply with ASCRS exhibitor rules and regulations) or legal or regulatory actions or consumer/member complaints relating to the safety and efficacy of an applicant's products or services.

EVALUATION OF SPACE APPLICATION/CONTRACT
In order to preserve and maximize the educational value of the technical exhibit program, ASCRS will examine all space application contracts and evaluate the proposed exhibits to determine whether they satisfy certain basic criteria. Permission to exhibit does not constitute in any way an ASCRS endorsement or approval of the exhibited products or services or guarantee that space will be assigned.

The evaluation of space application will be performed in accordance with guidelines established by the ASCRS Executive Committee. The principle criteria to be considered in reviewing applications shall include, but are not limited to, whether the products or services proposed for exhibition relate specifically to the practice or advancement of ophthalmology generally and/or cataract and refractive surgery specifically, whether the proposed exhibit is of educational value to ophthalmologists, cataract and refractive surgeons, and whether the products or services in question are safe and effective.

Every exhibitor applicant who did not exhibit at the 2019 ASCRS Annual Meeting must complete the review process for assignment of exhibit space. An applicant who did exhibit in 2019 must complete the review process only if there has been a material change in circumstances relating to its company (e.g., a change in ownership, control, or legal status) or in the nature, name, composition, products, labeling, or regulatory status of the products and services to be exhibited, or if the safety or efficacy of the company's products or services have been called into question through litigation, regulatory proceedings, customer complaints, or other reliable sources of adverse information.
The information required for review are the following:

1. Company Profile

2. The products and/or services the company plans to exhibit (i.e. product brochures, literature, or samples).

3. Exhibitors must disclose details on any consumer or government litigation, orders, injunctions, judgments, or settlements over the last three years regarding the business practices of the company or the products and services to be exhibited. Companies with complaints filed against them with state or federal consumer affairs regulatory agencies, the Better Business Bureau, or ASCRS members may be required to provide an explanation of the resolution of those complaints.

4. Exhibitors shall not exhibit any products or services other than those included in their space application/contract or approved in writing by ASCRS. Successfully completing the exhibit application does not guarantee that you will be assigned booth space. ASCRS meetings consistently sell out of exhibit space and maintain waiting lists.

ASCRS exhibit space is assigned in priority point order to all exhibitors that have a history of exhibiting at ASCRS meetings.

Even where an exhibitor meets the basic criteria described above, ASCRS still reserves the right to deny any request to exhibit based on space limitations, safety concerns, failure to comply with these procedures or requirements, past inappropriate conduct by the applicant (including by not limited to failure to comply with ASCRS exhibitor rules and regulations), or a reasonable determination by ASCRS that the company’s products or services are not safe and/or effective.

Alternatively, ASCRS may decide to reduce an applicant’s accrued priority points based on the applicant’s past failure to comply with ASCRS exhibitor rules and regulations or legal or regulatory actions or consumer/member complaints relating to the safety and efficacy of an applicant’s products or services.

CATASTROPHE

ASCRS will not be liable for the fulfillment of this contract as to the delivery of exhibit space if non-delivery is due to any of the following causes: by reason of the facility being damaged or destroyed by fire, act of God, public enemy, war or insurrections, strikes, acts of terrorism, the authority of the law, public health crisis, postponement or cancellation of the exposition, or for any cause beyond their control. It will, however, in the event of its not being able to hold an exhibit for any of the above-named reasons, reimburse exhibitors on a pro-rate basis on any amount paid in, less any and all legitimate expenses incurred, such as but not limited to rent, advertising, salaries, operating costs, etc.

OUTSTANDING BALANCE/PAYMENT INFORMATION

Companies that have a balance due from a previous show will not be permitted to exhibit in future shows until the balance due is paid in full.

If payment is not received on or before December 13, 2019, exhibitors will lose 10 priority points, per day, each day the balance is overdue.

ASCRS reserves the right to reassign or cancel the booth space without notice that is not paid in full by the deadline.

Applications received by ASCRS on or after December 14, 2019 must include 100% payment to be processed.

PROMOTIONAL MATERIAL

Exhibitors may not use the name or logos of the American Society of Cataract and Refractive Surgery or ASCRS or the American Society of Ophthalmic Administrators or ASOA in promotional material without written consent from ASCRS and ASOA.

While at the exhibition, distribution of advertising material and exhibitor solicitation of any sort shall be restricted to the exhibitor’s booth. Neither company nor products may extend into the aisle or beyond the limits of the assigned booth.
